- **11:35 AM-The Forensic Prayer:** Binding the Spirit of Stagnation in the Feed
- **11:45 AM-The Word Extraction:** Digital Boundaries
- **12:15 PM-Baptism:** 10 members are baptized in water
- **12:30 PM-Dismissal:** Executing the Monday strike

II. The Message Syllabus: Digital Stewardship

- A. **The Church vs. the Abyss:** Technology is for the laid-back and an abyss for doing nothing. You are a director of your device or subject of the algorithm.
- B. **The Three Forensic Temptations**
 1. **The Temptation of Comparison:** Looking at Memphis wealth vs. Mississippi diligence. Members look at their own ledger.
 2. **The Temptation of Secrecy:** integrity is what you do in the dark mode.
 3. **The Temptation of Drift:** Losing hours of stagnation when people should be prioritizing their time. You see too many homeless people acting like they have too much time on their hands and hating on people that have a foundation.

III. The Sovereign Solution (The Firewall)

- No social media until the first 15 is complete
- **The Purpose Protocol:** If you are not posting, researching or connecting for the Legacy Blueprint, put the transmitter down.
