Work Enthusiastically For God on Earth

When we work and do things for God on earth, we must do it proud and enthusiastically because it will prove you love God, his son Jesus and the Holy Spirit. You must be a cheerful giver and give proudly to the Lord because the bible says it is best to give in order to receive. When you give the Lord enthusiastically, God and his son Jesus will come through for you on earth. You will become closer to God and Jesus will come into your heart to praise you and protect your gift of eternal life in heaven. According to God covenant and law, you must be a cheerful giver in order for God to bless, praise and provide mercy on you daily in your life.

When you do things enthusiastically for the Lord, God will love you for it. The bible says give ten percent of your income to churches and the Lord, but I suggest if you have low or limited cash flow as a homeless person and low-income household. You can give little every week to prove you love the Lord and have the Lord and Holy Spirit in your heart. You can give to the Lord to prove you love the Lord and Holy Spirit by giving noncash donations to churches and organizations to care for the poor and homeless in communities. When you work enthusiastically with God with your strong faith, God can be your provider, protector, deliverer and healer. Enthusiastic Christians and disciples on earth can depend on God if you are sick. Enthusiastic Christians and disciples on earth can depend on God if you are homeless looking for and want to obtain permanent housing. Enthusiastic Christians and disciples on earth can depend on God if You are living in poverty and struggling to take care of your children and families. Enthusiastic Christians and disciples on earth can depend on God if you are preaching and teaching God work daily to ungodly and sinners. Enthusiastic Christians and disciples on earth can depend on God if you pray for your enemies and other people daily.

It needs to be Emergency Non-Profit Fund setup from State and Federal Government to increase funding for nonprofits that want to start organizations to offer affordable healthcare, race relations, education, manufacturing, homelessness prevention, affordable housing, scientific research, veterans affairs, women issues and LGBT services. I believe as social conservative lower and fewer taxes reduce poverty in this nation because it keeps more money in your American households and pocketbooks to pay for bills, food and household expenses. Higher taxes takeaway money from households that make African-Americans, Latino/Hispanics and Caucasian communities angry in states like Illinois. My congregation and I support lower and less taxes for small businesses because small businesses and organizations can pay for wages, good and services, equipment and office supplies, rent or mortgage for

commercial offices in neighborhoods, suburbs and communities. Church will provide opportunity zones legislation from Board of Trustees, Board of Trustees.
