

John 10:9-16

Do Not Treat Christianity and Church like a Revolving Door, Part II

Heavenly Father,

Thank you for opportunity to live another day

Thank you for waking us up this morning and what you have given us in our life.

Thank you our strong heart for your kingdom and letting our hearts continue to grow as a mustard to heaven.

Guide us, friends and family to stop living our lives like revolving to worship your kingdom, grace and mercy going forward in our life.

Guide us, friends and family to stop living our life like a revolving door by listening to various people in the world that want us to sin and live in bondage.

Let us use this message to apply it to our life to live 100% to your kingdom and not confirmed to the world.

In Jesus name, Amen.

Psalm 56:8

Galatians 5:16

I want to tell you a true story about myself and explain why the Democratic Party left me in 2010.

Democrats in government talks about they are Christians, but they are false prophet Christians that treat the church and Christianity like it is a revolving door by supporting abortion and telling women to support reproductive rights, support government funding for abortion and organizations that support abortions.

Democrats talk about being Christian, but they support legalizing marijuana and same-sex marriage. If the Democrats are really Christians they need to stop treating their Christianity and the church like it is a revolving door by denouncing their support for abortion. I was only a Democrat when the blue dog Democrats served in the US House of Representatives when the Democrats were in the majority. After the Democrats started to lean far to the left to support abortion and same-sex marriage, the Democratic Party left me. I believe all couples should be a man and woman with children like Adam and Eve. I believe God and son of Christ Jesus is the creator of human life on earth. Democratic voters need to stop treating their christianity as a revolving door by voting and supporting the Democrats because it is not going to get them into heaven after they die on earth and continue to support sin and lusts. I do not support legalizing marijuana either because it is bad for your health including medical marijuana. Democratic Governors and politicians that serve in government are lying to you and saying medical marijuana is safe. Medical marijuana is not safe just like tobacco, cigarettes and regular marijuana. Medical marijuana can cause the following symptoms: side effects from headaches, dry mouth and dry eyes, lightheadedness and dizziness, drowsiness, fatigue, long addictions for young Americans under 25, breathing problems for people that smoke, impaired memory, increased heart rate, increased risk of heart attacks, behavior problems, functional challenges with the brain, attention deficiency, cognitive dysfunction.

We need to stop treating the church and christianity like a revolving door by taking the first step and treat our bodies like a temple and stay away from harming ourselves. God wants us all to have eternal life in heaven and with the gift of eternal life. God wants us all to live a longer and healthy life without harming our bodies. We need to take better care of ourselves as Christians by disciplining ourselves to eat right to

treat our bodies as a temple. That is what I need to try to do is discipline myself like I am trying to do now because I believe in 2014 that my body was not getting enough protein, so I found out from the doctors in Philadelphia and Chicago that my body and immune system started to attack itself. That's why doctors in the emergency room said after my lab results came back that it was like my pancreas was on fire. I really am not supposed to be eating greasy, fried foods and foods with high fats and sugars. I am supposed to be eating foods that are low in fat, lots of fruits and vegetables, boiled and steamed. I am not supposed to be eating processed foods from fast food restaurants. I need to work on disciplining myself because I have been eating what I want to eat for many years since my childhood. Also, I was supposed to be eating light with my preexisting condition. We need to continue to read Galatians 5:16 because it will let us know that we need to let God guide us and let our hearts grow as a mustard seed to heaven. I want my heart to continue to grow as a mustard seed to heaven. Turn to the person next to you and say I want my heart to grow as a mustard seed. I call this to discipline myself on my eating and stop trying to harm myself as a tribulation that I need to work on going forward. We all have tribulations that we need to work on to prevent us from treating our christianity and the church as a revolving door. It is better to let God guide you through your destiny on earth 100% and not treat God mercy and grace for us like it is a revolving door. Christ Jesus does not deserve to be treated by us like a revolving door because he is the one that sacrifices his body and life for us to die for our sins. We need to honor Christ Jesus 100% and stop treating our heavenly father and his kingdom like a revolving door. You do not want to call on Christ Jesus when you need him on some basis and continue to live your life in sin. Turn to the person next to you and say stop treating Christ Jesus as a revolving door. Turn to the person on the other side of you and say God's kingdom is not a revolving door. Everyone says be 100% loyal to God and get our mind out of the sinful world. Number for christians in this nation needs to be 100% and attend church every week as one nation under God. That percentage should be lower and getting lower in this nation. We need to talk to God about our tribulations and sufferings. We do not need to be talking to anyone in the world about our sufferings and tribulations unless it is with our inner circle that I continue to talk about our inner circle of disciples. Your inner circle will pray for you and provide you with good and christian advice from heaven. Turn to the person next to you and say go to your inner circle for help with your disciples.

Things we need to do to prevent our life being a revolving door?

- Let God care for you from the throne in heaven
- Let God guide and solve your sufferings and tribulations daily.
- Fear the Lord
- Let God guide you and provide mercy on you daily.
- Let God comfort you in your life and do not let the sinner or sinful world comfort you to drag you down to the path of unrighteousness.
- Let God punish people that hurt us and cause us pain. I do this as a man of God and Bishop of this congregation.
- Let God guide you to prosperity, not the world.
- Let God guide you to spiritual breakthroughs like he is doing for me and not the world.

This is my last sermon on this series on shepherding and related to John 10:9-16. My next series will be Living under God Covenant with Gladness and on Psalm 103:17-18. I want to say after this election, it

looks like I will be 41% Republican/conservative, 40% Democratic and 19% unaffiliated as a voter that always vote as an independent in elections.
