

# Mammon vs. The Master

The Legacy Blueprint: Building a Better You  
Seminars on Wednesday and Friday  
Lord Jesus Christ Community Baptist Church  
Oakland County and Flint

# The Two Chief Architects

---

## Mammon (The Slumlord Spirit) Foundation

- Messed up priorities
- Shifting sand
- The Revolving Door
- Always returning to zero
- Debt
- Dependency
- Static
- Collapse

## The Master (The Great Architect) Foundation

- Reinforced concrete/academic weight
- Fixed gate
- Sovereign independence
- Entry point
- The quiet life
- Cheerful giving
- Cathedral

# The Revolving Door Trap (Mammon Blueprint)

---

- **The Diagnostic:** Mammon wants you to stay in a revolving door because as long you are moving back home, dealing with man or woman problems, lack of degree. You are dependent.
- **The Bishop Insight:** Mammon makes you look stupid by convincing you to put a diamond ring on a foundation of rubble. It values the appearance of wealth over the architecture of wealth.
- **The Hazard:** if your priorities are loose, you are serving mammon even if you are broke.

# The Strict Treasury (The Master Blueprint)

---

- **The Oikonomos Standard:** it is not about how much you have. It is about who owns the management of it.
- **The Independent Mandate:** The Master requires you to stay on your own. Mammon wants you in your parents basement. The Master wants Bishop Hobson in Highland Park as his home and his sanctuary.
- **The Witness:** Your budget is a testimony. When you manage your money with excellence of a Treasurer, you are proving you serve the master.

# The Civic Equity Conflict

---

- **Mammon Outcome:** spending your seed on static, entertainment and people who hate you.
- **The Master Outcome:** Investing your seed Godly.
- **The Verdict:** You cannot fund a revolution if you are still funding your own collapse.

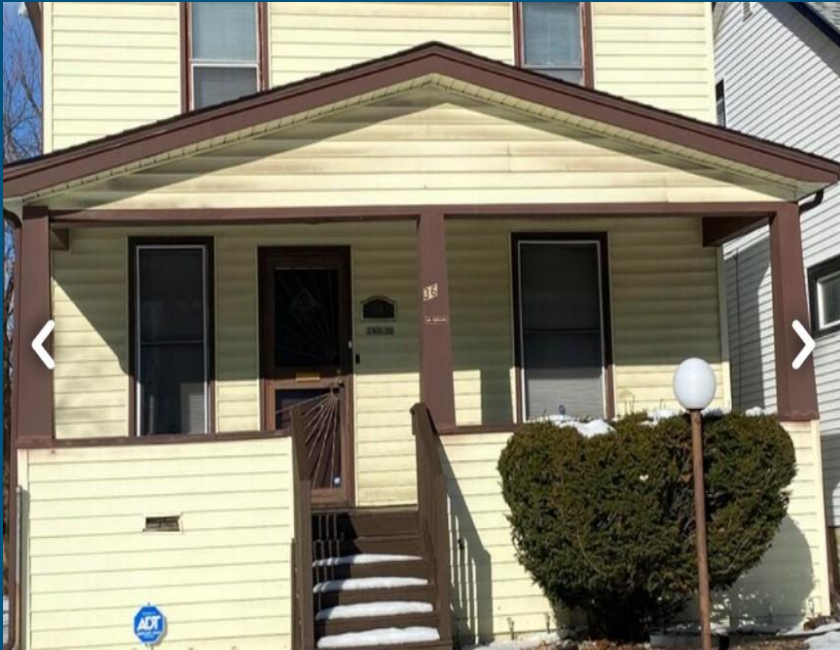

# Bishop Nicolas Hobson Audit

---

I have walked the halls of Capitol Hill in Washington DC and walked the bus lines of Detroit, Flint and Oakland County. I have seen mammon destroy families and homeless people with messed up priorities. I have seen the Master build a Bishop out of a Teacher Aide like myself during my high school years that I received my calling to lead. Choose your architect today. If you choose the Master, your foundation will be February 2026 in Highland Park. if you choose mammon, your foundation will be the revolving door. I am rising to the rise of heaven economy while I make my transition to Highland Park with First Lady Jennifer and our three children name Nehemiah, Noah and Neshaun that is 10 years old and 7 years old. I am doing the series and seminars on the legacy blueprint and Barn because I am honoring my mom memory when she taught me the meaning of hard work and responsibility as a child passing my knowledge to others in my situation. Worship Ministry had me perform as a solo and with the choir last Sunday service. People heard me sing without music. All responses from members say that I sound just like Ginuwine. Worship Ministry staff said I need to save my voice after the service.

# The Highland Park Sanctuary: A Decree of Sovereign Independence (February 2026)

---

- 3 Bedrooms
- 1.5 Bathroom
- Accessible to Detroit and Royal Oak Amtrak Stations
- Accessible by SMART and DDOT bus to get to Pontiac, Oakland County areas and Flint.
- Accessible to shopping centers
- Accessible to Parks and recreation
- Close to schools

# **New Pontiac Church Location (Opening Spring 2026)**

## **Sanctuary will seat 20,000 people for fast growing church**

---

# Bishop Hobson Success

---

- Oikonomos standard proves that strict stewardship of a small talent allows master to trust me with the high-rise territory.
- Every dollar was zoned for independence, not wasted on static
- The No-static perimeter shield evidence of a 10-year boundary blueprint.
- I remained intact for the recently acquisitions leading me to Highland Park to avoid the rubble.
- 20+ years of field engineering from Chicago Public Schools to DC Leadership Conference
- My education pedigree provided me with permits for his level of residency in Highland Park
- A physical manifestation of staying on my own principle.

Note to members and community:

Look at the house. It was made of decisions while the revolving door was spinning. I was digging. While others were looking stupid trying to decorate a collapse and/or weak foundation, I was enforcing my foundation. In February 2026, I am not just moving into a neighborhood. I am moving into the Harvest of my integrity. I am preparing my Highland Park in the incoming days to present to members during an upcoming service in Oakland County and/or Flint.

# Discussion Questions

---

1. If the Great Architect inspected your bank account and statement from the last 30 days, would he find a blueprint for sovereign independence or a receipt for temporary static?
2. Look at your revolving door lifestyle, what is the one defective material in your character that keeps bringing you back to the same starting point?
3. Are you spending money to make a fiancé or family think you have a high-rise life while your actual foundation is still in rubble?
4. What is your small talent currently and are you managing it like a Treasurer or a talent?
5. Is your current job funding your academic weight or is it funding a revolving door of bills or drama?
6. Bishop Hobson will be moving in his new home/sanctuary in Highland Park in February 2026. What is the physical address of your next level of independence, and what static must you cut out today to afford it?
7. When you see someone living a revolving door of collapse, why is it architecturally unsound to try and build a future with them before they fix their own foundation?
8. Who is in your inner circle zoned for laziness and how is their rubble affecting the acoustics of your life?
9. If mammon is the slumlord of the revolving door and Master is the Architect of the high-rise which one has the building permit for your 2026?
