

Have Faith, Eliminating Stages of Bondage Your Life

Fear

The Devil wants us to live on earth in fear. It is the devil telling our children and youth to listen to evil and Idolatry. Gangs and hoodlums represent idolatry and darkness because they are being motivated to kill, steal and destroy our society. Devil is teaching our children to be evil and live in the darkness. Devil is teaching children and youth not to have goals and end up in prison. Devil is teaching children and youth to be unrighteous. Children and youth need to honor God and the Holy Spirit. The Devil is teaching people how to live a life without God and the Holy Spirit. Depression represents the devil.

We need to teach our children to overcome fear to move them succeed and meet good accomplishments. Children and youth need to learn to take tough challenges and sacrifices to seek God, do well in school, stay in school, seek a good and promising career, jobs, motivated and how to take care of themselves. Children and youth need to stop acting like haters. Devil teaches us to be haters and wicked. Children and youth need to pray to the Lord to remain close to the Lord. Do not fear things in life to prevent taking challenges.

Sin and Flesh

Abortion is a sin because God is the creator of human life on earth. It needs to be more foster homes in communities to more Americans to adopt newborn babies and children. It needs to be less abortion clinics. Women need to honor life on earth. Rape and incest is wrong because women need to make positive choices to prevent rape and incest on earth. More children and youth need to be in church to educate themselves on how to live by God plan to meet more Christian people. Virginity is not a bad thing for people, youth and young people. It will reduce AIDS/HIV in this nation. LGBT community is the devil community because homosexuality is wrong and get you to the gates of heaven. All couples are supposed to be men and women with children. When a woman has children, fathers need to be loyal to the mother to help raise children. Children and youth need to learn how to put together better portfolios for themselves to do well in school and take challenges to be successful. After high school, I build up my portfolio and resume every year to help the homeless and work in the nonprofit sector. I like to give back to

community to help the needy and homeless that are struggling in poverty.

Temptation

Do not be tempted to join gangs
Do not be tempted to kill and steal from people
Do not be tempted to be o do evil
Do not be tempted to hate
Do not be tempted to do drugs
Do not be tempted to listen too much baggage
Do not tempted to hold on too much baggage

Bondage in your Life

People need to stop listening to gossip and drama because it starts to hate and separate others. People need to stop listening to drama and gossip because it starts depression and walls of divisions in society among people. You do not want to build your life by gossip and drama for people because it separates us and cause less friendships on earth. We need to learn how to agree and disagree with each other without drama and gossip. We need to be united and peaceful as people on earth. We need to be united and friendly as people on earth. We need to be united and respectful as people on earth.

Troubles and Struggles in your Life

Act your wage
Do not act like you are rich and spend money you do not have
Pray to God daily
Stick to your budget with your household income

If you cannot go to family and friends for help, you want to act your wage and manage your money and income better. This comments can apply to homeless men and women with income at homeless shelters or overcrowded households. You can budget your money and worry about top

priorities first at the beginning of the month by keeping the funds separate in your bank accounts or prepaid debit cards. Then, you can see money you have left of your income to spend for the month. You can budget your money to be able to pay tithes and offerings for your home church. I currently encourage my members of congregation to budget their money and income better to get out of poverty and act their wage. We offer financial counseling for families and low-income Americans once a week in Chicago and Detroit since 2015 to help people get out of Poverty in their households.

You do not need expensive shoes and clothing. You do not need expensive sneakers and name brand clothing. If you want name brand sneakers and clothing, you can shop at stores like Forman Mills, discount stores and eBay. Shop at thrift stores and flea markets to shop for bargains to save money.

Heavenly Father,
Lead people to make promising and good Christian choices in their life
Lead and stop people to make choices by idolatry
End hate and evil in the world
Lead people to treat their bodies as a temple for the Lord
Eliminate fear in our lives to guide us to help us overcome fear in the world today
Help children and youth have better mentoring to be righteous
Help and guide people to stay from temptation and darkness forever
Help people eliminate drama in their lives forever
Help give us strength and faith from the Lord to fight devil out of our lives forever
Eliminate diseases and violence in the world
Judge people that want to kill people during terrorism and threat against humanity
Thank you for what you given me as far as clothing, food and housing
Bless and praise homeless people dealing with depression and drama In their lives forever
Bless and praise stuck up people on earth that are unfriendly to others
Thank you for my job and career
Thank you for keeping idolatry out of my inner circle as a disciple and Christian
Thank you for keeping me distant from hate, enemies and evil
Thank you for our children and youth that are faithful to the Lord
Thank you for righteous and good children in the world that come to church weekly
Thank you for being my healer and provider in the Holy Spirit
Thank you for eliminating struggles in my life
In Jesus name, Amen
