Earn Respect from Others

Romans 12:10

1 Peter 2:17

We must honor one another on earth and people in our surroundings. It is people on earth and around us that do not respect individuals because those people rather act inconsiderate and disrespect towards others. People do not honor other individuals in their communities and neighborhoods. Tenants are disrespectful to other tenants. Some people do not respect authority. People do not respect authority from others or management. It is like people not respecting Jesus, heaven and Holy Spirit. It is very few people in communities and neighborhoods across like to respect others and communities. Some people that do not respect others are leaning towards the flesh, devil and darkness.

I want to give advice to highly respectful, considerate and thoughtful people. You are successful and sophisticated people that deserve to live in a nice community with people that do not judge you. You are a respectful, sophisticated and successful people that deserve to live in a Christian and peaceful community where you have friendly people around daily. It means living in a quiet city or suburbs with people not secular and devil/hell. Sophisticated and successful people deserve to live in neighborhoods with others that not selfish, inconsiderate, provide humility and stress. People with success and sophistication deserve to be around people that will show them respect both ways. We need to build a tabernacle in our households and neighborhoods, so everyone in communities can have the fruit of the spirit in their hearts forever by eliminating violence, crime, killings and stealing.

Our World Today

1. People are selfish
2. People are inconsiderate of others by listening to the flesh
3. People are envy towards others and listen to the flesh
