

John 10:9-16

God in the Past and Present, Part II

Heavenly Father,

Thank you for this message and let us increase our wisdom from this message. 4th of July is today and let us celebrate and cherish this nation's birthday. This is the day we all need to honor our brave men and women in uniform for fighting this great nation during the war of terrorism.

Thank you for strengthening our personal finances, although we are still struggling to pay high household expenses and food prices

Guide us and continue to increase our discipleship and steward to your kingdom.

Guide us while we succeed in the Tabernacle to the Most Holy Place

I believe you are the bread of life.

We believe you are the bread of life that can grow our hearts as a mustard seed to heaven.

In Jesus name, Amen.

Jeremiah 29:8-14

John 6:45-71

When I talk about improving your inner circle and recruiting your twelve disciples, you want to make sure you recruit the right twelve disciples because you do not want people in your inner circle that will deceive you. When you read Jeremiah 29:8 in NIV and NLT. When we serve as disciples for Jesus, we must not be all about ourselves and have our own agenda. I want to go off topic and say that I will be joining you soon by leaving NYC on July 31, 2024. That is a promise to myself and to God. I will not be here in NYC after July 31, 2024 because I will be back in Chicago where I belong where I got more of a social life as an introvert and easy connection to meet new people that are Chicago natives. I want to say goodbye to NYC and Chicago here I come. I will not let no one influence and change my decision to stay here in NYC because it will not happen. We need to let God lay out our life and set our plans in our life. We want to make sure no one in our inner circle is spreading lies about the bible and Christ Jesus. When we make promises to God while serving in the Holy Spirit, good will come back to us like it did me since 2011 from heaven. In order to be good for God and the Holy Spirit, we must have strong faith in God as the rock of our salvation. I have only 26 more days to be here in NYC before I go back to Chicago on July 31, 2024. We need to let God prosper us in the spirit because Christ Jesus can prosper us as we are dealing with tribulations in our life. Do not let the world prosper you and provide us the wrong vision for us. We want to rely on God to help us gain and prosper a good vision for your life while we are taking that Christ walk toward God's kingdom and Christ Jesus. The problem in this society is people do not have hope in heaven and Christ Jesus. I did not have hope in Christ Jesus either during my childhood up to 2011. I am just going to Chicago for a while because I need to do pastoral duties and take care of church operations out there. I am the type of person that I do not no longer let people hold me back for anything and goals. I am mostly friends with pastors and religious leaders. I am still friends with people I went to high school and elementary school with, but they are all successful like me with good careers and jobs with college degrees.

1. We need to repent for all our sins.
2. Seek God and call on him daily in prayer, not relying on the sinful world today.

3. Seek and worship God in your heart forever.
4. Read the bible daily.

We do not need to recruit twelve disciples that deceive and trick because they still have the devil and sin and them and their hearts. Do not listen to other people's dreams. God knows plans for your life on the day we were born on earth and continue to let God plan our life on earth. If you do not want God to plan your life, you want to let the devil plan your life and be conformed to the world. Muslims like to spread lies about the bible and Christ Jesus. I said and believed during the pandemic that Covid was the new rapture from heaven that came from Christ Jesus and heaven. When I got Covid three times in Georgia during the pandemic, I believe it was Jesus calling my name to come home to heaven. By the way, the Presidential Candidate I will vote for will be Chase Oliver (Libertarian) from the great state of Georgia. I preached during the pandemic in Georgia that God is using the pandemic as the new rapture to cleanse earth from all unrighteousness to take back his kingdom on earth from the devil. Righteous christian during the pandemic went to heaven and ungodly people went to hell. I wish that God would have taken me up to heaven and been home in heaven during the pandemic. God bless people that died during the pandemic. That is what I think about when I read Jeremiah 29:18. Jesus was speaking to Jeremiah in Jeremiah 29 in Babylon. I have 43 disciples in my inner circle that are christians and disciples of Jesus today that their hearts continue to grow as a mustard seed to heaven. I plan to bring First Lady Jennifer back here with me after I take care of church operations in Chicago.

When we read Jeremiah 29:8-14, I am think about my case manager Mr. Gray told me during our meetings at Star of Hope Mission in Houston. He told me how I need to stay put where I live and stop moving around so much. I used to live in Dubuque, Iowa for one year in September 2015-January 2017. I moved to Detroit in January 2017-August 2017. I moved and lived in Cleveland from August 2017-December 2017. I moved back to Detroit in January 2018-October 2018. I moved and lived in Philadelphia in November 2018-December 2019. I moved and lived in Pittsburgh in January 2020-February 2020. I moved and lived in Louisville in February 2020 and moved to Atlanta in late February 2020-May 2020. I moved and lived in Detroit in May 2020-December 2020. I moved back to Atlanta and lived there in January 2021-November 2021. I moved and lived in Louisville in November 2021 to December 2021. I moved and lived in Chicago in January 2022-February 2022. I moved to Detroit in February 2022 to April 2023. I moved and lived in Houston in April 2023 to January 2024. I moved and lived in Philadelphia in February 2024 to May 2024. Now, I have lived in Brooklyn since June 2024. When I think about the phrase false prophets, I think about running away from haters, conflicts and envious people by moving from city-to-city since 2015. I feel like running right now but I don't. I just have to go to Chicago and handle some church operations as senior pastor on July 31, 2024. The plan to be headquartered in Brooklyn from Southeast Michigan. I need to settle and let God plan my life and guide me like what staff at Star of Hope Mission in Houston told me to do and stop thinking too fast. I am a follower of Jesus that will continue to share my message. When we read Jeremiah 29:11, I think about the homeless at homeless shelters not letting God plan their life. Homeless men and women are anxious to get out of homeless shelters to go back to being conformed to the world and sin. What are they thinking? It is different for people like me to let Jesus guide me and continue to live for God. My answers do not come from the world as a man of God. I listen to Jesus at the throne in heaven daily.

When we read John 6:45, we need to let God train and teach our soul to be on the path of righteousness so we can grow as a mustard seed to heaven. Turn to the person next to you and say do not let the devil damage your soul and salvation. When we have a righteous soul for heaven, it will get us to the Most Holy Place in the Tabernacle and the gift of eternal life in heaven. We need to be obedient to God daily and obey God's commandments.. Trust God in our life, yoke and anoint ourselves to God, accept Jesus as your personal savior, and live a prayer life by living and praying to God daily. Christians and disciples let Jesus speak to our hearts and remain distant from the world. We must not work and represent the world because we need to work for God towards our gift of eternal life in heaven. Turn to the person next to you and say God is the bread of life. When I say more about improving our inner circle for God, you want people in your inner circle that love God as the rock of their salvation. Again, you must make sure you have no haters and envious people in your inner circle. I do that today because I am for God and a career-focused person during my christian and faithful walk to God.. I do not let the world and anything distract me as a goal-oriented and career-focused person. Some people may hate on you and I because we rather be disciples and serve God as our source and rock of our salvation. I am thankful for the good advice and mentoring I got from staff at Star of Hope Mission in Houston for letting God guide me to friendships and relationships to guide to righteous and good dialogue. I want to be honest that I am not able to do that in any other part of NYC. I am able to do that and build friendships in Brooklyn. That's a 100% fact. Some people hate on me because I am a pastor and religious leader, but I do not care because I let God guide me and continue to be a breakthrough for me in my life. I am not friends and do not like to meet new people that are people pleasers because I live my life by Galatians 1:10 and Colossians 3:23. Christ Jesus was not a people pleaser and I won't either on earth. One thing I say about people pleasers that people make friends with other people that way in this economy. My teachers said while I was young that it is called buying friendship. I still keep my autographed bible that was given to me on commencement at Star of Hope Mission in Houston in October 2023. I am scheduled to volunteer at the Bowery Mission today at 5-7:30 PM feed the homeless during a barbeque dinner with other volunteers.
