

Have Faith, Committing Yourself to God

Christians and disciples commit their works to the Lord everyday of their lives on earth. If you enjoy and committed to God work by helping the homeless and poor, Christians and disciples commit to it. Since I started helping the poor and homeless on westside and south side of Chicago in 2014, I committed to it today. If you enjoy preaching and teaching the word of God, it needs to commit to it and save more people on earth. I have tax returns submitted to IRS, stating my high amounts of charitable contributions each year. My politicians contributions are separate from other Christian charitable contributions each year.

If you are a cheerful giver, commit to it.
If you have fruit of the spirit in your heart, commit to it.
If You are a virgin with no children, commit to it.
If you read the bible daily, commit to it.
If you pray and meditate daily, commit to it.
If you are keeping yourself spiritual and physical fit, commit to it.
If you keep the devil and sinners out of your inner circle, commit to it.
If you are living by God's plan, commit to it.

For common going of the Lord and Holy Spirit,
You want loving kindness, respect, positive attitude, patience, blessings, miracles, good contentment and be sure of yourself, love Jesus as rock of your salvation, spread and provide joy to the Lord daily, self-control, faithfulness, gentleness.

For common good of the Lord and Holy Spirit,
You want to avoid evil, abomination, flesh, enemies, sin, wickedness, devil and darkness.
You must be faithful to your spouse everyday because separation and divorce do not exist in the bible. Divorce and separation is a sin for relationships and marriages. Man and woman married to be faithful and loyal to that person. It is your job to work as a team to communicate and work out problems you have. Then , you pray to the Lord about it to provide you with guidance. A marriage that have problems and lead to separation/divorce is bad because devil wants to break us up from relationships and marriages. Devil wants us to be depressed, lonely and bitter. Devil wants to lead people to separation because fornication causes women to get pregnant at young age and father reject them. If you are currently married and still dealing with problems, God has not let you separate because he wants you to work it out. Marriages are to death. Women call it rape and incest. Women need to make better choices for themselves in what they want in men. Men and women need to be living in same household while raising children.

Tell the person next to you: I commit my spirit to God.
Tell the person next to you: I will not commit to temptation.
Tell the person next to you: I will flee from idolatry.

Ways to commit to God:

People commit themselves to sin as a slave to sin. People all about greed and act as taker is a slave to sin. Dream busters are slaves to sin. Rich people are slaves to sin because they want to hold on to most of their wealth while people are homeless and living in poverty. Rich people are all about greed. Youth and children are slaves to sin because they are disrespectful to elders and other people in public, use profanity, smoke, drink, not loyal to church and God. It is less children and youth on earth are obedient to God and righteous. People have sex and children before marriage is a slave to sin.
