

John 10:9-16

Do Not Let Your Life Go Under Attack as a Shepherd

Heavenly Father,

I pray for people and families hope in these tough economic times.

Help and guide us from the sinful world

Thank you for this powerful message today and hope to increase wisdom and knowledge while moving forward in our life

Thank you from distancing us from the world with sin

Continue to guide and us to strengthen our hearts to thanksgiving

Continue to guide us to keep us away from mammon.

Help families and relationships that are having complications to be more peaceful

Help people that are single parents and fathers to reunite with their families to get out of poverty and destitute situations. Yesterday was Fathers day and we need to do more to pray for fathers to reunite with their families and keep fathers around in the household. It is the Godly way to do so.

I pray for broken friendships in the world to reunite those broken friendships to be peaceful with those people in their life to prevent grudges.

In Jesus name, Amen.

1 John 4:1-15

When we read 1 John 4:1, it means we do not need to believe every spirit to God and the Holy Spirit. I do not believe every spirit that my mother says she prays for my sister and myself. If my mother had a good and Godly spirit, she would not let me struggle living at homeless shelters in Chicago while she uses my SSI income as an income stream for her. My mother has been out of work for over ten years and marriage with my mother and step-father continue to fall apart today. My mother said in her own mouth that she was expecting to be with my step-father while my sister and I were young. That is not a Godly people and/or marriage. I strongly believe my mother and step-father are reaping what they sow and being punished by the kingdom. My mother and father have been living and acting ungodly for years during my childhood. That's why I mentioned in my mandatory testimony that I did not grow up in a christian household. I found out later that God chose me out of them and all my family members. My mother and family members are not spiritual and still lost in the spirit and their soul. My mother's unsure and bad soul goes back to when my mother and biological father were dating. My mother is unsure about her feelings when she married my step-father according to true facts. She did not want to wait on my biological father to make a commitment and marry her to take more responsibility. She listened to my grandmother to marry my step-father. That is 100% fact. Right now, my mother's side of the family needs to start answering questions. I am explaining the true facts. I am currently testing my mother spirit today. I believe 100% she is not spiritual, but she said that she grew up in church. My sister and I were not born in a christian household. My sister used to go to church on Easter Sunday and stopped when we got to age 10-12. My family members and mother are false prophets because they do not live their life for God with the whole package. I know the spirit of God is in my heart and growing my heart as a mustard seed.

We do not want to live the spirit of the antichrist in us. We do not want to live our life in sin and unrighteousness that will lead us to hell. When you die and go to hell, you are not seen no more and do not get any eternal life. You are stuck in hell after you die on earth. Antichrist people live for the world

and worship the devil. Antichrist people are unrighteous and live in sin. Antichrist people live in lust, temptation and conformity to the world. We need to overcome living in the antichrist. Wicked people with continued anger management problems with mental health represent the antichrist. That's why we need to pray for their mental health to seek God in their life and be obedient to God. Say do not live in the antichrist. Say to the person next to you and say live for God and the Holy Spirit. We need God to help us get through to the Most Holy Place in the Tabernacle. Antichrist people listen to the world like it says in 1 John 4:5. God hears my prayers as one of his disciples because we are for God and the Holy Spirit. That's why I am around and communicate to certain people because I am 100% to God and the Holy Spirit. I am a follower of Christ Jesus and the spirit of truth. I am born of God like his other disciples on earth because I was baptized on September 4, 2011. When I read 1 John 4:8, haters and envy people have a lot of jealousy towards others who do not love God as personal savior and as rock of their salvation. Christians and disciples' strong beliefs is 1 John 4:9. I live my life like other disciples with God living through me daily. We do not love God and do not love one another. God abides in me because I share love and gospel to others. That's why I am so gifted and unique with spiritual gifts in shepherding, knowledge, teaching, wisdom, prophecy and exhortation. I will continue to give my testimonies publicly and to members of the congregation during services and bible like I did in the past. I am all about 1 John 4:14. Say God is the spirit of the universe and the whole world. Say to the person next to you and say Jesus is the son of God. When you have hate in you means you worship the devil and have devil in you. When you express envy and hate towards others means you have the devil and his kingdom in you. I read 1 John 4:17-18, I mentioned to Star of Hope Mission clients in Houston in 12 Step classes that we must be cautious with our freewill that God gave us. People in this world can easily lead us to make wrong decisions without freewill and lead us to the path of unrighteousness and hell. People in this world can lead us to the path of unrighteousness and cause you to be disobedient and disobey God commandments. Do not fear God while making right decisions from above. We must be perfect as Christians and disciples to get to heaven, such as no sinning and/or wickedness. When we read 1 John 4:20, do not say you are a christian and know Jesus while providing hate and envy against others around you. It is like what it says in 1 John 4:20, you or that person that hates and does not love your brother is a liar. When you say you love and continue to live in sin and conformed to the world, you are a liar and untruthful. I say to people in this world that are still sinful and hateful including the homeless, they need to find themselves to seek God. Envy needs to find themselves so they can stop hating and being envious towards others that may have more progress than them. Too many people in the world are disobedient to God and not honoring God as the rock of their salvation. People continue to be disobedient to God, commandments are not born of God, and have lost soul. Homeless people are sinful and do not want to obey rules and boundaries. This is 100% fact. That's why homeless people rather live on the streets, so they do not have to live by rules and boundaries. Rules and obeying regulations are not burdensome. God speaks to me when I read 1 John 4.

Scriptures how to deal with stress:

2 Kings 9:36-37

1 Kings 9:3

What I do in the past and present life to avoid sin:

1. I try to stay away from sin and not sin by getting the devil out of the way.
2. I repent my unexpected sins so I do not be punished by God's kingdom.
3. I stay in God's world daily to prevent sin and let God guide me with rewards.

4. I stay away from conceit and selfish ambitions like I learned and did at the Star of Hope Mission in Houston.
5. I try to apply 1 John 3:9 to my life daily.
6. I try to pray and provide brotherly love to all people because I do not try to provide myself to people all about envy and hate.
7. I believe the devil is a liar.
8. I overcome 1 John 2:16 daily.
9. I continue to keep God's commandments daily.
10. God hears my prayers and my heart continues to grow as a mustard seed while my faith grows in God.
11. Continue to receive blessings and rewards from Christ Jesus and the kingdom.
12. Commit my sins to God and Christian and disciples to admit my guilt.
13. I make amends to people and family.
