Raising Children as Humble Children as Disciples

Children need to know discipleship and stewardship to the Lord is good for the soul and your life. Children need to be raised to be humble because parents just let children grow up without tough discipline in the household to know right from wrong. Parents are threatened to raise the children from right and wrong because they are feared by Department of Children and Services in various states and cities in the United States of America. When parents let their children grow up without tough discipline in the household, they grow up disrespectful and become unrighteous children. Children grow up as ungodly and wicked children. I want to tell you a story about my mother and step-father when my sister and I were children in the household. My mother and step-father were toxic and full of profanity and drama in the household that always gossiped about others and never cheerful giver that helped the poor and homelessness at homeless shelters and on the streets. My sister did help the poor too. That's why people tell me today that God chose me to be successful because I received my calling and turned my life over to Christ starting in 2011. My mother and step-father are lopsided today and do not live a prayer life, do not go to church and bible study. They never came to hear me preach to my congregation and pay any tithes to my church since 2014. Family members have not paid tithes and offerings to my church either since 2014. My mother's side of the family is toxic and full of drama because they do not help the poor and homelessness, live with too much baggage, do not read the bible, do not have and act like they have fruit of the spirit in their hearts, judgmental. My step-father's side of the family is toxic because they do not help the poor and homelessness, live with too much baggage, do not read the bible, do not have and act like they have fruit of the spirit in their hearts and are judgmental. My step-father and mother do not help anyone in the family during bad and hard times because they rather complain and think it is bad to help family out in hard and bad times. We need to save our children and youth while they are young to stop acting like haters and full of wickedness towards others. We need to educate youth and children to stay away from haters and envious people, so they learn how to grow up to show respect to others and elders, parents and families. We need to teach children how to support each other with our goals, way of life as LGBT or straight, stop making decisions based on pride and being all about codependency. God will give children and youth the wisdom to set goals for themselves to avoid prison and incarceration, stay in school to be smart and study hard, prepare you for college, prepare you for the real world and economic challenges to be on your own, help you find a righteous and christian spouse to settle down with children. All children and youth need to have strong faith in God and the Holy Spirit to be in the Holy of Holies in the Tabernacle.

Way to Live Prayer Life as a Christian and Disciple towards God and his Covenant

1. Pray to God to keep you away from haters and wicked people. You still need to pray for those people because we are allowed to pray to our enemies based on what they say in the bible.
2. Pray to God to eliminate your pride and make decisions based on the bible and contentment to God and the Holy Spirit. Stop being unsure of yourself in your life to let the devil and Satan kingdom control you in your life and destiny.
3. Pray to God to eliminate distractions in your life.

4. Continue to pray to God to let him come into your life to lead you out of the darkness and Satan kingdom to the path of righteousness and God covenant.
5. Treating God as your source in your daily life, does not depend on the world, politicians and government. God will supply you with more of your needs, not government and politicians alone as you have strong faith in God as the rock of your salvation.
6. Continue to pray to God to keep you away from temptation and make decisions in your life based on temptation.
7. Continue to pray to God to keep you away from idolatry and sin.
