

Signs of Deception in Our Society

Living a Long Life in the Holy Spirit

When you live by God's plan, you will be guaranteed to live a long life in Christ. People disrespect God servants and servants on earth will be judged by Jesus. It is people in homeless shelters today that speak negatively about the bible and think they know it all about God and Jesus. Those people are speaking false reports and information about God and the bible trying to determine and rewrite the history of the bible. That is 100% fact. People who speak negatively about the bible and disrespect his servants on earth will be judged by Jesus at the throne. That is 100% fact. People who obey God's plan loyal to one spouse for eternity will live longer in Christ. People share wisdom and preach about God's word daily and worship him daily will live a longer life in Christ. 100% facts. People not righteous to the Lord in their lives on earth are killed during the pandemic. People not righteous to the Lord in their lives on earth are sick during the pandemic. People not trusting in the Lord are continuing to get sick in their lives and during the pandemic. If you have strong faith in Jesus, he will prosper you and have plans for you at the throne in heaven.

Tell person next to you: Jesus is son of God

Tell person next to you: Heaven and Jesus in heaven at the throne is real

Jeremiah 29:11, 1:5

Esther 4:14

Romans 8:28

Psalm 33:11, 32:8

2 Peter 3:9

Proverbs 3:5-6

People need to let God work on you to make you a better servant and help you prosper. If bad stuff continues to happen to you, it means God is not done with you and testing you. If you do not want God to work on you in your life, you will continue to be wicked, evil, envious, hateful, divisive and sinful. If you do not want God to work on you in your life, you will continue to listen to sinners, temptation and wickedness. You want to eliminate that as a target in your life on earth. We need to respect all God's gifts that he gave us to make us better disciples and servants to the Lord. We need to respect God's gifts to help us with stronger contentment in our lives to stop confusion and unsure of ourselves. We need to honor and understand God is the one that created and gave us wisdom, understanding, fortitude, knowledge, piety and fear. We need to be fearful of Jesus because he can forgive us for our sins, judge our mind and heart. That is 100% fact. It is true what people told me about God can only judge my spiritual and cheerful giving heart, not anyone else. That is 100% fact. When you have children out of Whitlock is not honoring God's plan. We need to honor God's gifts, not condemn them. We need to honor the fruit of the spirit, such as joy, peace, patience, kindness, goodness, mildness, gentleness, faith, modesty, contingency, self-control and chastity. The Holy spirit is our heart and maintains our spiritual heart without wickedness, idolatry, sin and temptation. The Holy Spirit is our heart and path of righteousness as Christians and disciples. When you live for Christ, the power of Jesus is going through us in our heart, minds, body and soul forever. People honor life and prevent death of citizens around the world because they do not talk radical about the pandemic to speak based on pride. Do not support this pandemic and the death of many

Americans as well as people around the world killed by this deadly pandemic. People that talk that way are false Christians and Satan servants on earth. That is 100% fact. As an ordained Bishop, I pray and honor life to have in Jesus to destroy this pandemic that the devil and his wicked people have placed on this earth.

When you live a long life in Christ, you are honoring God as the rock of your salvation. When you live a long life in Christ, you are walking the path of righteousness to secure your spot in heaven and Holy Ghost. A person living a long life as a senior citizen. People that speak negatively about people and families like to continue providing division and wickedness on earth. We need to be united as a people and come together, not divided as a people. If you want to divide us up on earth, you need to join groups like ISIS, Al-Qaeda and extremism that gets captured Killed and/or brought to court by our military. A person living a longer life as a senior citizen and baby-boomer should not be ashamed of your grey hair because it is the crown glory of God. Godly people love and honor life on earth because it protects them from Satan and Satan using you as one of his servants on earth. Children must seek God and the Holy Spirit to live a long life in Christ, you must not provoke your children with anger, such as respect and honor your parents. In order for parents to live a long life in Christ, you must not provoke your children with anger. That's why some parents do not like hitting their children to discipline them. Parents who hit their children are provoking their children with anger without the Lord. You can discipline your children the right way to teach them right and wrong. People's wickedness will cause them to live shorter lives. That's Facts. Wicked people will not receive mercy from God. People who serve long lives to God are thankful what they have and blessings daily.

It is some senior citizens that are healthy and live longer lives because they are spiritual and honor Jesus in their lives. My grandmother on my mother's side is 87 years old and has good health. She is spiritual and goes to church. She is involved in church in Chicago as an usher during Sunday services and fellowship gatherings. My grandmother uses and obeys the bible as her life manual. I have one grandparent living because my other grandparents died while I was in elementary and high school. Spiritual people in Chicago, Cleveland, Philadelphia, Detroit and Louisville told me I am ahead of the line at the gates of heaven to get into heaven because I honor and righteous to God. I have proof that I motivated some homeless men and women in Philadelphia, Cleveland, Northwest Indiana, Detroit, Baltimore, East Iowa, Pittsburgh, Chicago and New York to seek God to better for them. Homeless men and women I motivated got of homelessness and into permanent housing. African-Americans say I motivated them in Detroit to get out of poverty and seek the Lord to come into their heart. African-Americans in Detroit told me I anoint and humble them to seek God in their everyday lives. I speak and keep in touch with many Americans. I am still a member of my congregation and still seek God as they prosper in Philadelphia, Baltimore, East Iowa, Detroit and Northwest Indiana. Wherever I go today, it feels like God has a wall of angels around me daily to protect me from evil, enemies, haters, sinners, idolatry, dream busters, and envious people on earth. Right now, God keeps angels around me to continue to use me and keep me away from wickedness, enemies, dream busters, haters, idolatry, atheists and sinners daily. I no longer take in and listen to people with too much baggage in their lives. I am blessed because my bad times in my life are only temporary and really short periods of time. I got my calling to be a pastor in 2011 and 2014 when I was an undergraduate student and sought God during my hard times to get me out of poverty. Since 2011, God has been the rock of my salvation that is my solution to my problems after the Lord and him come into my heart. Congregation has already gained thirty new

members this year based on membership records from Membership Development Ministry adding to the total 4,012 membership. Only 27% of members have been vaccinated based on the Subcommittee on Pandemics. Congregation has lost 16 members to the pandemic last year based on the Subcommittee on Pandemics.

Ways to Raise Your Children as a Christian

1. You need to act the same way at home and in public like you do in church because your children will grow up spiritual and righteous. It means your child will grow up as a hoodlum and listening to idolatry. You need to work on your weaknesses while your child is young, so they can grow up spiritually and the right way. It means your children will learn to respect their elders, parents and family members. Your children can pass on a good and positive attitude to other people around them and in public.
2. Do not make your children an idol.
3. Do not raise your children to be an idol
4. Mentoring and teaching your children to be stronger preachers and teach the world to preach words to wicked, ungodly and sinners. If you are involved and a member of the church, your pastor, bishop and other spiritual people will help you. Parents need to encourage their children involved in Sunday school and getting involved in a ministry within the church to maintain spiritually and holiness from God in their hearts. It will help children to gain fruit of the spirit as a young child to prevent them from being takers in the world.
5. Teach your children to love Jesus. It means mentoring and teaching them about the bible of God true words, not as wicked and try to change history about the bible thinking you know it all.

Read and memorize Philippians 2:13

Read and memorize 1 Corinthians 12:8-11

1 Thessalonians 4:8
