# The Definition of Power

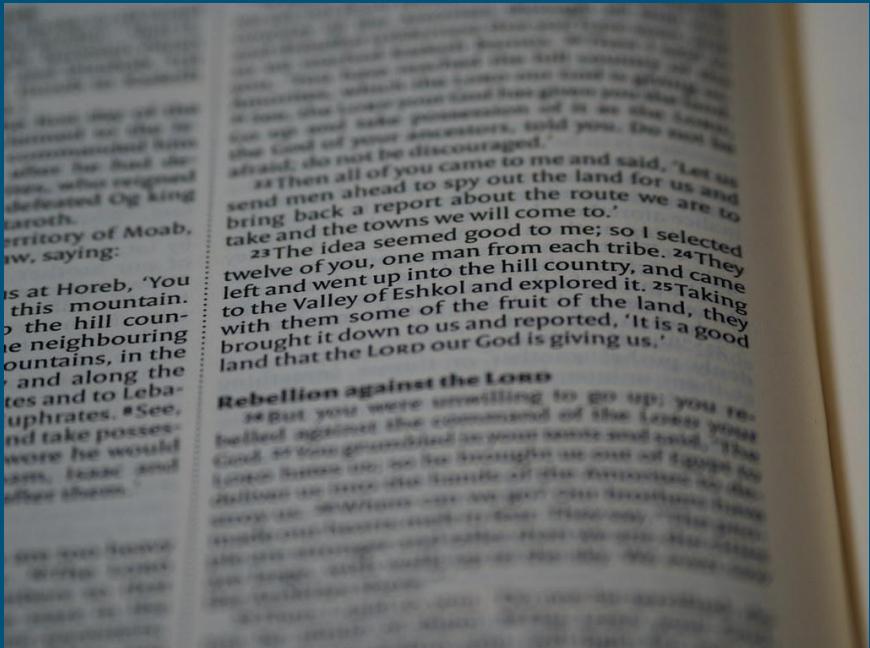

---

The definition of power is capacity.

- Breaking the poverty spirit that says we are a victim. We are not victims as a Christian and disciples. We are architects to God's kingdom.
- Honoring God with 10% of our income by paying tithe and offering,
- Giving back and helping the needy in communities

# Scriptures

- Deuteronomy 8:18

# Overcoming Barriers in Our Life

---

- **The Truth about Family Members:** My family members cares more about themselves while I was a child. When I asked them for financial help on sometime basis, they get a negative and bad attitude. Family members that did provide me with financial support, they act like helping others hurt and bad thing. They think it is bad thing to help people and others that are hurting. My family members rather let people fall and not lift them up by helping them out financially and economically. I have 25-30 people that I call brothers and sister-in-residence listed on the church website.
- The power to get wealth is internal, not environmental.
- True wealth comes from outreach people are doing.

# The Four Pillars

---

1. Identity: You are king or queen, not a victim.
2. Discipleship: Learn from those who have gone before you.
3. Strategy: We utilize the Homelessness Financial Relief Program as a seed, not a handout to help homeless men and women with permanent housing and pay for out-of-pocket expenses.
4. Generosity: The power of the offering.
5. Wealth starts between the ears.
6. Operation Identity Launch is helping people transition from poverty spirit to a pioneer spirit.
7. You cannot get wealth in isolation because we need a spiritual families to support us in our life and support our accomplishments in our life.
8. Tithing and support from members, myself and first lady Jennifer family tithing; we are living a model on how to live a christian life to God.
9. Tithing is a tax for the kingdom that keep windows of heaven open for us.
10. Tithing is the first step for financial intelligence and keep us disciplined for the kingdom.
11. Homelessness Financial Relief Program is funded by members and visions in the community that support and believe in our vision.
12. Wealth is not self-indulgence
13. Wealth is for service.

As Bishop, I use a portion of my income and wealth to help the homeless and needy since 2014 based on personal filed tax returns. I know that wealth not used to help others and homeless is not true wealth. I am a not a taker. I am a cheerful giver that give back to communities and help the homeless. That what makes me different from my family members and God chose me out of all of them.

# Your New Covenant Family

---

- Your support system
- Replacing lack of support from friends and family in your inner circle with spiritual abundance.
- Start choosing your brothers and sister-in-residence because this will help end depression, mental health and anger problems among family and friends that dealing with people that do not support them financially and economically. This will end depression among homeless men and women dealing with families that will not help them get back on their feet and let them suffer economically and financially.
- My brothers and sisters-in-residence are very supportive of me and provide support for me, my well-being, career goals, accomplishments in my life, do not think they know it all, do not gossip and be judgemental about me.
- AS ordained Bishop, I have 62 disciples that mostly lived in the south and Chicago.

GREAT...BECAUSE ANYBODY  
CAN SERVE. YOU DON'T HAVE  
TO HAVE A COLLEGE DEGREE  
TO SERVE. YOU DON'T HAVE  
TO MAKE YOUR SUBJECT  
AND VERB AGREE TO SERVE.  
YOU ONLY NEED A HEART  
FULL OF GRACE. A SOUL
