Topic: Holiness in Your Life to God and Holy Spirit

God wants everyone to be holy to the Lord and heaven forever. Christians and disciples strive for peace to the Lord and Holy Spirit by being peace and good to everyone on earth. As Christians and disciples, we must cleanse ourselves to worship and seek the Lord as we serve the Lord to eternal life. Christians and disciples fear the Lord because Jesus will judge your heart on judgment day after you die on earth. As a Christians and disciples, you must be passionate around others and help the poor and homelessness. I am passionate to the homelessness and low-income Americans that live in poverty because I provided over \$10,533 of my own money to help the homeless in Chicago, Detroit, Philadelphia, Atlanta, East Iowa, and Kentucky. I am open to release my personal tax returns to the public to view my charitable contributions to the poor and homelessness since 2014. Before I started the congregation, I manage my own grassroots project in Chicago as an undergraduate student and Treasurer on Student Government. I am dedicated and committed Christian and disciple that helped the homeless and low-income Americans in the United States of America and abroad. My congregation has grown to 3,881 members since 2014. God will separate you from him as you are faithful to him.

Devil known as Satan wants us to be in people business, ignorant, dropout school, lack things and goals, get life possessions and money by the flesh, make us sick and wicked. Devil wants us to be disobedient to disobey God's plan and live your life by the flesh. Devil wants us to be confused about ourselves and have no direction in our life. Devil likes to take things from us while on earth by trying to take over God's kingdom. Heaven is the highway to Holiness and gift of eternal life in heaven. Devil wants is to have unclean and damage heart with hatred and wickedness. The Devil wants us to live foolishly and provide hate to successful people on earth. People under 30 years of age are not Holy or live their lives in holiness. I will make sure my children do not grow up to be disrespectful, act like hoodlums and thugs, dropout of school.

Sex before marriage is immoral along with having children before marriage. It is immoral to have children before marriage and showing commitment to the mother to stay in household to raise the children to adults. LGBT and homosexual are immoral because couples supposed to be man and women with children. Takers that do not give and help the poor is immoral because people that are takers care for themselves and be cheap not to help the homelessness and destitute homeless sleeping in the streets in the United States of America and abroad. People under 30 and other Americans that sin life is not pure and do not live a righteous life. People under 30 and people that live their lives in sin do not treat their bodies the right way because they smoke and live their life in drunkenness. Smoking causes lung cancer and damaged organs no matter what. Alcohol is bad for the immune system and causes severe health programs in the future. That is 100% fact.

Come out of the darkness and let the Lord come into your heart to accept the gift of eternal life in heaven. Treat heaven as a Holy nation that God will judge you at the throne on judgment day after you die on earth. Act holy to the Lord and rock of your salvation to eternal life

Do not be ignorant to others and people around you.
Be merciful to God to succeed in the tabernacle
Present your bodies to the Lord by treating your body as a temple
You must be perfect as a Christian and disciple

Tell the person next to you: I am Holy.
Tell the person next to you: I will live my life in Holiness forever.

People that do live faithful to God and Holy Spirit will do the following:
