“This is what the Lord says: cursed is the person who trusts in mankind. He makes human flesh his strength, and his heart turns from the Lord. He will be like Jupiter in the Arabah, he cannot see when good comes but dwells in the parched places in the wilderness, in a salt land where no one lives. The person who trusts in the Lord, whose confidence indeed is the Lord, is blessed. ”-Jeremiah 17:5-7

If you want to have more hope in God and the Holy Spirit, you want to avoid trusting in mankind. When you make life decisions, you want to avoid trusting in mankind and gaining things by the flesh. Do not let mankind and the world distract you as the rock of your salvation.

As a christian and disciple, you do not want to live and trust in man. As a Christian and disciple, you want to avoid making decisions by man and by the world. We do not want to live by the flesh in our life as our strength. We want God and the Holy Spirit as our strength in our life while we move forward in whatever we do to plan our goals and vision. When you continue to live by the flesh, those people want to continue to live by the world and pain. Turn to the person next to you and say do not live your life in pain and humiliation.

We do not want to put our mind and soul in danger by living conformed to the world and not for God. We want to avoid putting our souls in danger in a way that causes our souls in hell after we die on earth. Turn to the person next to you and say do not put your soul in danger to the world. Ways to avoid your soul for ending up in hell:

1. Evaluate yourself daily in your life and repent for your sins
2. Serving God with a clean and humble heart for God and the Holy Spirit
3. Trust god as your healer and source
4. Trust God as your provider and protector
5. Trust God in your life and live obedient to God
6. Avoid living your life as a tax collector and by mammon.

We need to stop living spiritually for God in church like we care about living obedient to God and live by the flesh outside of church. We need to stop living spiritually to God in church and live by the flesh outside of church around families and friends that are ungodly and righteous to God. That is why I say organizations and homeless shelters need to practice religion and have religion part of their clients' recovery. I oppose Delta Manor homeless shelter in the Bronx and staff comments about not forcing religion on clients at the facility. Organizations and homeless shelters need religion as part of any recovery if you are dealing with homelessness and poverty. People need to know how to lift themselves up the right way during recovery in any situation including homelessness and poverty. We need to change who we affiliate ourselves to avoid living by the flesh and living obedient to God and the Holy Spirit.
