

Self-Righteousness in God Faith

We need to follow our own path of righteousness even if people try to get us to follow the path of the darkness. We need to listen to our hearts to be self-righteous. We need to eliminate traits in our life to righteousness, bondage, evil, creating enemies of others, killing, stealing, providing violence, listening to gang idols and getting possession by the darkness. People that attacked the United States Capitol on January 6 needed to ask themselves right now: why do I listen to Trump and his allies attacking the United States Capitol on January 6 trying to overturn the 2020 election. People should have listened to self-righteousness in their minds and hearts on January 6 to attack the United States Capitol. We need to be running away from Satan and the darkness fastest as we can to lead ourselves to righteousness to God. A self-righteous christian and disciples shows superiority above all others with different opinions than other people. A self-righteous christian and disciple have more superiority above other people including atheists and ungodly.

It is time to have high self-esteem and enthusiasm for God and the Holy Spirit. High self-esteem and enthusiasm for God will keep us in the Holy of Holies in the Tabernacle. We must be happy to live for God in our life because it is bad to live in bondage, unrighteousness, sin, darkness, temptation, evil, trials and tribulation. We must community to work with God through strong workmanship to the Lord. christians and disciples are self-righteous to God and the Holy Spirit on abortion because they believe God is the creator of human life on earth along with the universe. You need to listen to God and the Holy Spirit on earth when people trying to tell you God is not the creator of human life on earth and/or the universe. Women and liberals out here protesting on Roe and overturning of abortion and Roe is not self righteous christians and it disciples. This congregation and myself want to applaud women and pro-life individuals on earth and in this nation that is pro-life and oppose abortion. Christians and disciples are self-righteous to God on same-sex marriage and homosexuality. Christians and disciples are self-righteous people because they believe the LGBT community is living in sin, darkness, lust and temptation. Many people and some liberals believe it was Adam and Steve before Adam and Eve. The truth is that it is false and fictional. All couples are supposed to be men and women with children on earth. Children need a strong American family with mother and father in the household or a mother and father in general. It is not self-righteous christian and discipleship to provide fornication and adultery with same-sex individual before marriage or at all. It is not self-righteousness christian and discipleship for same-sex to get married and have sex either because the individuals are living in lusts and sin.

- Smoking is not self-righteous to God because it causes cancer unexpectedly and dies at an early age on earth. Life on earth is precious and people need to try to live a longer life on earth. People need to start saying no to cigarettes, crack, marijuana and vaping. When

you go out and go to the store to buy marijuana and cigarettes, you need to restore the word no in your mind and start reserving your life on earth to live longer.

Isaiah 64:6

Romans 3:10

Romans 10:3
