Being More Responsible as a Christian and Disciple

1 Corinthians 6:12, 19-20, 9:27

Genesis 1:29

John 6:27

It is not good to do everything on earth because you do not want to be slave to the devil and flesh. If we do something that we know is wrong, we must take responsibility for it. If someone steal or kill someone, you must be honest and take responsibility for what you did on earth. God is our master while we live on earth. God is the one we listen for guidance by eating healthy and living the right way. Eating meat, grease, fried and starch foods are not good to eat as a Christian. Alcohol and smoking is not good for you either as a Christian.

Your body is a temple of the holy spirit.

Your body does not belong to yourself because your body belongs to God and the Holy Spirit. Women need to realize their body is not theirs because women need to respect life and newborn babies belong to God and the Holy Spirit. Women must honor God and Holy Spirit with your respecting life. We must respect choices we make on earth and take responsibility for choices we make it daily. We must spend our energy seeking God and eternal life. Not eating right is like avoidance of God and Holy Spirit. We must discipline ourselves for God and the Holy Spirit. When we treat our bodies as a temple, we are cleansing our bodies for God and the Holy Spirit.

Honesty will set you free because it will cleanse your body, mind and soul from all righteousness. We must take responsibility for our lies and dishonesty to people by admitting our wrongdoing through confession and repentance. We must pray and tell God we will not do it again. We must promise not to lie or provide any wrongdoing again. We must take responsibility for our actions tearing down ours with false witness that are innocent and/or all about the common good. We must be honest to our bodies and mind to live the right way with obedience and humble to God and the Holy Spirit. Ways to be obedient to God is for women to believe and listen to God with obedience to respect life on earth.
