

Fruit of the Spirit

Psalms 83:1-6, 34:21, 37:10, 37:32

Proverbs 8:7, 2:22, 11:5, 28:1

You have homeless people and others act atheist to the church. Atheists will fall for their hate for Christians and the church. Atheists rather call religious leaders and churches witchcraft. Atheists and ungodly people that talk negative about the church and discriminate against the church. For example, young people under 30 say they do not believe in God, bible and his miracles. Atheists say they do not believe it is a heaven. People that provided killings in churches in South Carolina and other states in the south. Atheists are sliding God word under the rug by living in pride, sin and the flesh. Christians and disciples need to cutoff atheism and ungodly people on earth that call the church and religious leaders liars and witchcraft. Christians and disciples need to cutoff atheism and ungodly calling the bible book of demons. Christians and disciples respect Jerusalem and Israel. I support moving the US Embassy to Jerusalem. I like to include Palestine because it is another holy land in Middle-East. Atheists and ungodly people rather start confederacy against churches and religious leaders in USA and abroad. It is why Dylan Roof done in Charleston, South Carolina to kill nine people in a church. God rest their souls and praise their families. God rest Pastor Prinkley soul because it was a terrible lost his life in house of the Lord. I call on Jesus to protect all religious leaders from ruthless atheism, antireligious groups and terrorism. Atheists and anti-religious groups provide burning crosses in the south. I will continue to denounce KKK and white supremacy across the south like I have been doing after Charleston, South Carolina church shooting. Atheists are nowhere near the brazen altar in the tabernacle because they say it's no God, call churches and religious leader's witchcraft. Atheists live life by the flesh and wicked life. It means atheists do not believe helping the homeless, needy, veterans and the poor. God will not be silent and peaceful because Jesus will take back his kingdom to condemn any sin and wickedness on earth. Atheists do not believe there is a God. You have sinners and wicked counseling people. It is like having Satan in the household or workplace. I will continue to support prayer, religious studies and study of the bible I schools to encourage children and youth to attend Sunday school It helps children and youth to become knowledgeable during the week and attend Sunday school. You have people in the household or workplace counseling people telling people not to go to church, read the bible and live life by the flesh. It is like having Satan in the household or workplace telling those people to hate religious leaders, church and bible. I am so sorry for people that were killed and lost their lives in churches in USA. Atheists live their lives by the darkness and they are scared forever. I survived the 40 day fasting for 5 days so far that eating nothing but lunch.

Heavenly Father,

Take back your kingdom to condemn atheism and wickedness on earth.

Take back your kingdom to takeaway devil out of households and workplaces daily

Take back your kingdom to end anti-religious counseling in households

Take back your kingdom to end burning crosses and atheism and wickedness
Devil is a lie
In Jesus name, Amen

Some people that denounce wickedness. It is what God is doing with people around me daily is punishing and condemning hateful people that hate righteous people like me. Some ungodly people trying to slay me for my righteousness, but I ignore them. It is people around me hate on my success and righteousness because I speak the truth based on facts during my sermons. Words I preach to my congregation and members have been righteous. I will continue to take other pastors advice not to tell people how to preach my sermons. People that discriminate my preaching hate righteousness. Wicked and sinners live life by the flesh will reap what they sow. When I talked about abortion, homosexuality, same-sex marriage, legalizing marijuana, spirituality and God plan; I am talking about the facts and path of righteousness from my mouth. That is 100% fact.

As a disciple, I have the fruit of spirit in me.

- Love: I love meeting the needs of homeless people and low-income families like giving back to them and poor. I help homeless people and low-income with food, clothing and care packages through my congregation.
- Joy: When I have hope in God and Holy Spirit, my prayers and blessings are always answered from Jesus and heaven.
- Peace: I believe I can bring peace to communities in Chicago. I believe high crime and violence started after I moved out of Illinois, but it was not bad as it is now in Chicago with crime and violence. I can bring peace among low-income families and homeless people during homelessness and community outreach in Cleveland, Chicago, Detroit and East Iowa.
- Longsuffering: I have participated in painful and irritating situations in church settings and events since 2013.
- Kindness: I am generous towards low-income families and homeless people because I donated so much of my own money to help the homeless and low-income families in Chicago since 2015. I put homeless people and low-income people before thinking about myself. I am not a taker. I am a cheerful giver.
- Goodness: I am good to Christians and disciples. I am good to homeless people and low income families. That's why homeless people highly praise me because I am always good to them. I am always good to homeless people at homeless shelters when I volunteer and mentor homeless people.

• Faithfulness: I am very faithful to God and faith in God and faith continue to increase. •

Gentleness: I try to help and be gentle to all people on earth that accept me as generous. Some people I meet are gentle. I try to work with all people to be gentle, but some people have stuck up attitudes and do not accept my generous. I try to be generous to difficult people that are not all that generous. I have met some gentle people in Chicago and Detroit that offer me money and rides to my destinations during cold and rainy weather, but I refused sometimes because I never get in the car with strangers. People that I meet like that are Christians, but I act cautious because they are strangers.

• Self-control: I have self-control and overcome bad tempers and anger since my childhood. I do not have bad behavior or temper issues no more because Celebrate Recovery at Salem Baptist Church of Chicago helps me overcome my hurts, habits and hang-ups.

More you read the bible=less sin and the flesh in your life

More your read the bible=less wickedness in your life

I have won souls to Christ in Chicago since 2014 when I transformed homosexuals from gay to straight. I continue to fight for the Lord every day to help people live righteous and condemn sin and the flesh. I have been fighting for the Lord to live righteous and have others live righteous to Holy Spirit and light. God does not really need to test me because my spirituality is wrong. I do not have any trials and tribulations in my life and around me. I stay away from temptation by teaching and learning the word of the Lord, fellowship to the Lord daily, follow example of Jesus. I serve the Lord without concern because had God come through for me to praise me. I strive and fight for unity to end racism and gun violence in USA. As a disciple, I like to work with people on issues, such as ending poverty and homeless people. I have sanctification and justification in Holy Spirit as a disciple. I do not have any worries in my life as a disciple because I pray and trust Jesus daily and Jesus come through for me. God is my provider. I need to work on my sanctification and justification in Holy Spirit because I believe it can be stronger as a disciple

1. Only one God
2. No idols
3. God name is precious
4. The Sabbath
5. The family
6. The sanctity of human life
7. Marriage
8. No Stealing
9. Total honesty
10. Contentment

God is a liberator. God people bound together forever. I am pro-Israel because Israel was set free to have freedom from its people. Israel was set free from oppression. God were concern for people of Israel. Israel people were offered their own land and freedom. It was no more exploitation. Israel people did not have to worry about state interference for their family and culture. Israel people started to know God to worship him. Israel people worship one God. Christians and disciples do not compare God to no one on earth. Christians and disciples respect authority of family structure with one man and woman with children. Homosexuality is disrespectful to God commandments. God hates homosexuality according to the bible. Christians and disciples share and do not steal. Stealing represents the darkness. Christians and disciples protect truth to eternal life.

Parents today do not properly train their children that are currently under 30 years of age. They are not properly disciplined to know right from wrong as children. People under 30 years of age are wicked, act like haters to successful and sophisticated people on earth, try to have people told, and act like they are on their own stuff.

Exodus 5:22-6:8

Exodus 20:1-17

People under 30 today need the following for discipline and know right from wrong:

1. Enlist in military and boot camp
2. Fathers need to remain in the household to teach young boys right from wrong. It means mothers cannot teach boys how to be a man. Sagging pants and acting ghetto hoodlum is not being a man. I learned from Reverend James Meeks as member of Salem Baptist Church of Chicago are fathers being discipline parents in households. It no father in the households, it is no discipline parent in household for boys. Fathers can properly train boys to get their priorities straight and keep them in line. Fathers need and can be strict on young boys to discipline them to stay in school, take education and higher education seriously, not to gossip about others, pursue a job and good career, and stay out of prison or jail. Mothers are role models in the household for young girls. You see more women in college classrooms and pursuing college classrooms today. Girls are mentors in households to take tough challenges to succeed
3. Do not be lazy. You see more men in homeless shelters today.
4. Stop gossiping about others and respect your elders.
5. End the hood rat routine.
6. Stop having people told. You do not know people like that to judge them. You look foolish and hater.
7. Worry about your own lives and destiny. Do not worry about what others are doing on earth. Worry about what going on in your lives on earth.
8. Stop hating on the righteousness

9. Stop being fake Christians.

10. Stop living life on bondage to live life by the flesh
