Devil is trying to kill you in these troubled times. It is bad things churches are closed and on lockdown because of the coronavirus. It is good that churches are able to keep preaching online to sell God word and holy spirit to its members weekly.

The devil wants you to follow and listen to him, but he realizes his failures to do so. He created this coronavirus to create and put us in fear on earth. Devil is trying to expand its kingdom in hell. We need to be smart when we judge people, do righteous and Godly things, gossip and living by the flesh, making decisions with too much Freewill. We need to look to God and the Holy Spirit.

We must stay positive and Godly during these devil and times of coronavirus. When you have faith in God and the Holy Spirit, Jesus will be your shield and protect you from the virus. If you done any wrongdoing in your lives, you must repent and confess for God can shield you and protect you from this deadliest disease. It is the time to strengthen your faith in Holy Spirit in Christ while deaths go up daily and people are getting sick. Read your bible daily by reading book of Isaiah and Hebrews. This is the time we must be humble to the Holy Spirit and Jesus. Everyone in these times must anchor themselves from all sin to be righteous to God and Holy Spirit forever. This is the time to have the fruit of the spirit in your hearts and souls. This is the time you need to be at the Holy of Holies in the Tabernacle.

Come to the light of heaven
Protect your gift of eternal life
Have strong hope in Jesus
Take God blessings and miracles seriously
Overcome the devil curse

The devil is not your provider because the devil wants us to get our possessions by the flesh, such as hustling for things and money. The devil wants us to condemn Jesus and Heaven to listen to him. The devil wants us to condemn Jesus and heaven to live a path of unrighteousness. The devil wants us to shift our focus from God and Holy Spirit to do everything by Freewill and shutting out God and the Holy Spirit from our lives.

Luke 10:19

When you continue to have faith in God and Holy Spirit, the devil cannot hurt you or do bad things to take things away from you.
