Having Right Vision for Fruit of the Spirit and Righteousness in Our Society

My vision for Chicago is everyone having access to affordable housing allowing Chicago residents to pay thirty percent or less of their income towards permanent housing. Americans and families in Chicago deserve to keep more of their own money to prosper in their households and get out of poverty. I believe Chicago mayor Lori Lightfoot has the devil in her heart and soul to ignore Christianity and faith to be married homosexual. She is going to hell after she dies on earth because Jesus hates homosexuality at the throne in heaven. Heaven and judgment day is real. Chicago communities need change that will provide easy access to education and economic opportunities. Chicago Public Schools need to allow and provide prayer and bible study in schools. Chicago is still considered home to me because I am still proud to be a Chicago native that was born on the Southside of Chicago. It explains why myself and the congregation have done more for homeless men and women in Chicago. Chicago needs to seek prayer and bible study in school to teach children to be righteous. Children need to know right and wrong to let Church and faith teach them the path of righteousness. Children need and deserve to seek the Lord to help children and youth in Chicago. Children and youth need to get out of the darkness into the light of heaven. Children and youth to be motivated and seek eternal life in heaven. I am open to Muslims to have bible study and prayer in Chicago schools as well.

As a Chicago native and born in Chicago. I will continue to fight and stand up to Chicago communities to end violence, peace in neighborhoods across the city of Chicago, and end child poverty and homelessness. I have donated 99% of my personal money totaling \$10,533 charitable donations to help the homeless in Chicago since 2011 based on personal tax returns and receipts. Church membership is 3,909 based on records from Membership Development Ministry.

What will children get out of prayer in Chicago schools and bible study?

- Motivate children and youth to seek God and read the bible daily
- Motivate children and youth to have more faith in God and Holy Spirit
- Increase discipleship among children and youth in Chicago
- End idolatry among children and youth
- End sin, drunkenness, trials and tribulations among children and youth
- Contentment to stop children and youth being unsure of themselves
- Teach children and youth how to pray and live obedient to the Lord daily
- Eliminate homosexuality among Chicago men, women and children

After watching the Vice Presidential debate, I am Democratic favorite heading to next month's election. I support Biden-Harris 52% and Trump-Pence 46% in this election after watching the debates. The Board of Trustees is scheduled to mark-up and vote on the Board Development and Restructuring Act, Church Finance and Fundraising Act, and Church Discrimination Act next week in Chicago. Bylaws and Rules Committee members will vote on all legislation at the end of next week to send to my desk for my signature after approval from the Board of Directors. Committee debate rules were agreed to by members and the Board of Trustees. Meeting will provide social distancing and safety during this pandemic. Amendments will be allowed for debate and vote on all legislation.
