

Atheism are Liars about God and Holy Spirit on Earth, Part III

God can change your life like God had changed my life since September 4, 2011. It is not what you can for you. It is what you can do for God. Christians and disciples on earth do not rely on God because they rely on Jesus and throne in heaven. Muslims and all Christians believe in the same God. Muslims believe in the same God, but they call their Allah. God gift is free gift to eternal and everlasting life in heaven. Muslims believe that same thing as Christians that God created the heaven and earth. It is what Malcolm X preach and advocate for during the Civil rights movement. Many people started to hate Malcolm X because they believe he tried to divide the Nation of Islam. When you use your faith on earth daily, God will use you. When you use your faith on earth daily, God will provide you with miracles.

Bad things happen to atheists, sinners and wickedness on earth because they believe in the devil. I know people that are atheists and sinners lost their jobs, housing and possessions on earth. God and Holy Spirit has been punishing people on earth that speak negative about the Bible. Atheists do not believe Jesus is the center of everything on earth. Atheists will always be involved in a struggle on earth because their lives will continue go around in circles feeling like they cannot succeed. I know people atheists in Chicago, but they are homeless, live in poverty, wicked and sinners. Atheists and wickedness live lives by the flesh on earth. People that atheists do not realize their lives are going in circles on earth. People that atheists take one or two steps forward end up taking two or three steps back because they either lost their housing, jobs and possessions. People can only do very little or what they can to help people that wicked and atheists on earth.
