

Let God Prove to You about Changing Your Life without Bondage

When I was a teenager and child, I done everything by sin and the flesh because I did not have confidence in God to change my life either. Since 2011 and 2013, Holy Spirit and God changed my life to read, understand and worship the bible and Jesus. I started having faith in the Lord and Jesus changed my life as a member of Salem Baptist Church of Chicago. I started to have hope in the Lord to come through for me to eternal life.

Lamentations 3:25-26

Jeremiah 29:11

Hebrews 4:16, 13:6

1 John 5:14

God helped me in times of need. God always hears my prayers and praises every week. God has always been my healer, provider, protector and deliverer since 2011. Jesus helped me overcome my hurts, habits, hang ups, money management and financial problems. He helped me overcome anger management problems during childhood. I was teased in elementary and high school because I spoke with speech impediment in school. God helped me overcome my speech impediment from childhood. Today, I talk normal like I never had a speech impediment in school. I overcame speech impediment after high school graduation. If you have a problem in your life like I did, God can get you through it. Right now, God provided me a house in Philadelphia. I gave my family and friends in Chicago my address in West Philadelphia already. If you pray and have faint in Jesus, he will come through for you to eternal life. Homeless people use people to buy friends. That is not what friendship is all about. I have to wait to go to Chicago to hand out gift cards with volunteers until after Christmas because church will receive the grant until after Christmas day based on foundation. People do not buy friends on earth. People have to earn on earth. If you smoke marijuana or sell drugs to make a living, you can overcome that and God can come through for you to eternal life. If you spent your entire life in and out of prison, you do not have to keep doing that either. You can overcome that and God can come through for you to eternal life. If you live out of homeless shelters as a child or adults, you can overcome that by asking Jesus to come into your heart to come through for you to eternal life. Jesus can lead you to get life back on track. People do not pray and worship God and live their lives by the flesh.
