IDENTIFY FOOLS AND FOOLISH PEOPLE IN YOUR INNER CIRCLE

- People only care about themselves and care for no one else
- People that are accusing truthful people to be sarcastic, not in the person heart and soul that are not.
- People like to live in sin and to the world
- People are alienation to the Lord and Holy Spirit, not like false and hypocritical Christians. In my recent see more, I want to encourage people to not believe the hype or hear false witness against other people from people trying to be judgmental.
- People do not give back to communities to help the poor and homeless.
- People are wicked and atheists.
- People have bad heart and soul.
- People do not listen to anybody and false accusations against other people for lying and hear false witness against others

RAISING CHILDREN RIGHT WAY TO AVOID FOOLISHNESS IN YOUR LIFE

- Start christening children as babies, so they can grow up humble to God and Holy Spirit.
- Start out teaching bible to children at age 3 and take them to Sunday school, vacation bible school and children church.
- Start out getting children involved in church while young at age 3 to keep humble to God and Holy Spirit through childhood.
- Get involved in your children's life and care who they make friends with. This will keep children from going down the path of sin, unrighteousness and incarceration.
- Help children be loyal to God as a source, not the world.
- Teach children to live prayer life from childhood to adult, honor Jesus as personal savior in their life, not to get possessions by the flesh and rely on God as their source to get things they need spiritually, honor their parents, be obedient to God and Holy Spirit to respect their elders. Do not grow up to be busy bodies.

HOW TO DEAL WITH FOOLISH PEOPLE WHILE IN HOMELESSNESS

- Stay away from people that only care for themselves.
- Stay away and do not be friends with people that accuse truthful people of being dishonest, sarcastic, act two-faced to people. That is not Godly and is 100% fact.
- Stay away and do not be friends with people that are all about the sin, living by the world, act like fake and lopsided Christians at homeless shelters today. This is 100% fact and do care what people think of you while at a homeless shelter because those people are sinners and God will judge those people and be sent to hell after they die on earth.
- Stay away and do not be friends with people that are wicked, atheists and ungodly.
- Stay away and do not be friends with takers and do not live like cheerful to the Lord and communities.
- Stay away from people that bear false witness against others and false reports about people that think they know it all. People like that will be judged by God after they die on earth and will continue to fall. Those people are ungodly, false prophets, fake and lopsided Christians, devil worshippers.

HOW WE NEED TO TRANSFORM OUR CHILDREN TO RIGHTEOUSNESS TODAY?

- They need to stop being all about fear, ~~xxxxxx~~, foolishness. Youth out here today are on some foolishness because they are feared towards success and act like haters on others, bear false witness, envious and be all about signs of deception. It is less people under 25 are spiritual today.
- It is time to convert our youth from fear and foolishness to godliness. Parents do not be afraid to discipline your children right and wrong. Public schools are destroying minds of children and teens to cause them to dropout of school, live by abomination from the Lord, idolatry and/or end up incarceration.
- Do not worry about people that hate you having a career, spiritual to God and Holy Spirit, cheerful giver.
- Do not worry about people that hate you not dependent on the world to get possessions, continue to provide adultery.
