My Workmanship and Love for God's Kingdom

- provided 12 letter of recommendations for homeless men and women in Chicago in 2015-2017 to help people get hired for jobs that had problems with getting employment in private sector.
- Help people members better manage their money and debt in Chicago and Detroit and Chicago that are having problems saving money to stay out of poverty and homelessness.
- Help people with healing and broken relationships during biblical counseling
- taught people that got hired for employment not to live as a tax collector and mammon.
- Pray with people in the community to lift people up that dealing with any situation and economic challenges.
- Speak and build dialogue with wholehearted and highly spiritual people daily. Stay away from idolatry, sinners and devil minded people, wickedness and evil minded people and out of my inner circle. I do this to remain humble to God and do what staff told me at Star of Hope Mission to do. It means the write people and friends will come from God.
- Do volunteering at homeless shelters and organizations for spiritual purposes to utilize my spiritual gifts in shepherding, wisdom, exhortation and prophecy.

How to be a good servant to Christ Jesus?

- Strive to put needs of others before your own. My family members does this a lot and that why like to help the homeless. I care about putting their needs before my own. I am a cheerful giver and not a taker that love the world than God.
- Avoid pride and self-seeking. This was my weakness before Star of Hope Mission in Houston in the Spiritual Recovery Program in 2023. I learned to overcome this program after being in the program for five months. I learned how to depend on God and receive gifts from above the kingdom, not the world. I stay away from 1 John 2:15-17
- Love God and love your neighbor as you love yourself.
- Let love motivate my actions. For example, I let love motivate my actions by helping the homeless and poor with my personal money like I did in the past. That's why I am moving back to NYC to let guide work in me there going forward. I care for the homelessness.
- Follow God teachings and commands in the bible
- Seek to align your will with God will
- Share your faith with others and help them know Jesus
- Live as a witness to your faith through your words and actions

How to be a good servant to Christ Jesus?

- Nurture your relationship with God through prayer and studying the bible.
- Be reliable and consistent
- Remain steadfast in your commitment to Jesus
- Be willing to sacrifice your time and resources
- Express gratitude to God for the opportunity to serve.
- Recognize all service is ultimately for his glory

My True Story and Testimony

When I was in the program at Passion Care in Baltimore, I felt like I did not want to be in that program and did not know if I wanted to stay in Baltimore or leave. My father and mother know that I never been in prison or jail. My parents know I do not have a criminal record and do not need to be friends with anybody. I did not want to be in the program because I knew that I did not belong there because I do not have substance abuse or drugs. I actually call clients in the program fake christians. That is a 100% fact. I say the program is a disgrace and do not need to exist anywhere including Baltimore. I like programs that are christian and biblical that talked about the bible, clients read the bible and have weekly bible study, and help clients live rights to God and his commandments to avoid relapsing and loving the sinful world.

I just got an email for my advisors in Detroit saying that 13 homeless people and ex-offenders just released from prison want me to be their sponsor to help them through recovery. They want They are live in Bronx and looking for a church home. They heard about the church and my track record for helping people with mental health and substance abuse stay off drugs and substance abuse for nearly 300+ days to get their life back on track the right way. I plan to host to support group with the men and women next weekend to talk about their substance abuse and mental health issues that have problems with. I am happy that I can get back to work in the NYC area and going back to where I started last summer in NYC last summer. I will share and have the other people tell their stories about how my sponsorship has helped them spiritually get back their life back on track the right way for them. They will share their stories in person and by satellite on zoom during the meeting.

Scripture in Context: Matthew 4:10

Do not let the devil tempt you and guide you down the path of unrighteousness and sin. I do not let God tempt me to evil because I hold my head up proudly to God kingdom. A careful who I am friends with and affiliate with on daily basis. I stay away from haters, instigators, sinners and people that think they know it all. The church created Office of Honesty and Transparency to distance ourselves from people that are haters, instigators and people that think they know it all.

I do not people and sinners exploit me and my congregation think they know everything because I know those people are 100% wrong. That is a fact. Do not yield to temptation because that is what the devil wants us to do.

- Satan tried to tempt Jesus three times
- Satan tried to exploit Jesus.
- Jesus refusal to yield to temptation
- Give yourself fully to God.
- Devotion to God.
- Prioritize yourself around God and his word from above.

Scripture in Context: Luke 4:8

We need to stop loving the world more than God. It means people love to do more sin and not live righteous to God and the Holy Spirit. People need to stop with the abomination from God and supporting gay marriage, LGBTQ rights, abortion and reproductive rights. We not letting the devil tempt us and including women to get abortions, become LGBTQ, legalizing marijuana. Life on earth precious.

The church implemented the LGBTQ to Straight Recovery Program that so far has been a success to transform people from their sinful ways and abomination from God. My legal team is still working with the conservative US Supreme Court to overturn to same-sex marriage in this nation forever to end marriage equality and allow all couples be a man and woman.

- Jesus's 40 days of fasting and temptation by Satan.
- Satan is tempting Jesus with worldly power and authority
- Jesus's direct and decisive response to Satan's temptation.
- resisting idolatry and placing God above all other allegiances.
- unwavering commitment to God's will
- how to combat temptation

Scripture in Context: Deuteronomy 6:13

I want to support homeless shelters and like to be involved in organizations because people need to know how to be loyal to God and not the world. Organizations that do not have religion and biblical background that teach people to live righteous to Christ Jesus is more likely to live in sin and ungodliness. That is 100% fact. I liked and enjoyed my time at Star of Hope Mission in Houston because it was affiliated with my mind and background as a religious leader and my life while living in godliness to Christ Jesus.

My congregation distance itself from sinners by creating honesty and transparency initiatives. We still enforce those initiatives today.

- Moses farewell address to the Israelites
- God's faithfulness and to remain loyal to him
- God's power, holiness, and authority
- obedience, loyalty, and commitment
- honesty, integrity, and accountability to God.
- when you swear, you swear by God
