Confessing Everything to God

Congregation membership increases to 3,885 members based on records from Membership Development Ministry. Church gained 60 new members this year. You must confess your sins and everything while on earth. We must be honest with ourselves in our hearts, minds and God. Honesty in your hearts will keep our hearts pure and protect the gift of eternal life. God will forgive our transgressions. People with mental health need to confess with their mouth for their unrighteousness because their souls are corrupt and wicked. It is a woman here in East Detroit at 5806 Lemay Street lied to a tenant and called the police on him for no reason. She is wicked, corrupt and sinners that need serious help from mental health programs. She has anger issues like a psychopath mental patient.

- Confess your sins through sacrament of confessions
- You will be freed from all sins and unrighteousness
- Confess with your mouth
- Acknowledge your sins, trials, tribulations and transgressions

Read and Memorize 1 John 1:9

You will be pure from all unrighteousness. Sinners do not prosper while they continue to sin because they rather live as slaves to the devil and evil. Sinners are not faithful to God. Christians and disciples are guilty when they sin. Saying sorry to people and God will purify your heart and Soul.
