

Series: Living Under God Covenant with Gladness
Doing What You Have to Do that is Right in Your Life, Part II

Heavenly Father,
Thank you for another day on earth
Thank you for our increased wisdom and knowledge while we listen to this message.
Thank you for guiding our minds and hearts as a mustard seed.
Lead us out evil and sin so we can continue to do good for your kingdom.
Move sin and devil out of the way forever
Move people that are all about sin and lean on their own understanding out of the way forever.
Bless the homeless and people that want to do good, but still sinful people in the way that want people to listen to them and their own understanding.
Bless people that do and live right in their life to remain in the path of righteousness forever.
Let us live in fear for your kingdom, so we can sacrifice and love you as our personal savior more and more in our life.
Let our love become stronger and stronger for your kingdom and the rock of our salvation.
In Jesus name, Amen

Galatians 6:9-14

"So let's not get tired of doing what is good. At just the right time we will reap a harvest of blessing if we don't give up. Therefore, whenever we have the opportunity, we should do good to everyone-especially to those in the family of faith. Notice what large letters I use as I write these closing words in my own handwriting. Those who are trying to force you to be circumcised want to look good to others."

I want to share peace of advice for homeless men and women with mental health that reside at homeless shelters. I want to say to those people with mental health at mental health shelters to find a church home that you can be loyal and weekly to strengthen and grow your heart as a mustard seed to heaven. You do not need to talk and work with a case manager that is all about their own understanding and wants us to sin. Homeless men and women at mental health homeless shelters need to read and familiarize themselves with James 4:17. Let God Guide you and help you with your vision. I want to say to those homeless men and women to let the spirit of God flow from you and pay case managers at mental health shelters no mind because most case managers and management at mental health homeless shelters are not spiritual. I am speaking the 100% truth and facts about mental health homeless shelters. It is mental health homeless shelters that are good, but I found out based on the truth and facts from my Domestic Policy Advisor that homeless shelters in the Bronx are bad. NYPD police officers are correct when most of them say homeless shelters in the Bronx are bad.

I need you to underline reap in your Bible and write this down somewhere in your Bible or write it on a separate sheet of paper to put in your Bible. The meaning of reap is to gather as a crop. When I think about reaping, we want to honor and apply the Scripture on our life to gather ourselves as Christians and disciples for God and the Holy Spirit. That's why I preached the sermon about recruiting our twelve disciples like Jesus did in the Bible to keep our strong prayer life and loyalty to God. I have 48 disciples in my inner circle that is loyal and committed to God as the rock of their salvation forever. My 48 disciples in my inner circle do not lean on their own understanding and conform to the sinful world. I

want to say people need to lean on their own understanding to decide to be homophobic and LGBT. We need to honor and do what the Scripture says to do good for God. Becoming gay and living your life as a homosexual is not doing good by God. Gay and Homosexuality is sinful and sinful. Turn to the person next to you and say homosexuality is a sin. We want to do good by finding the right soul mate you plan to spend eternity with. I did that with the First Lady Jennifer and October 26, 2024 is our eleventh year anniversary. I got to know her first for a while and really got to know when years went by. Jennifer and I let God Guide us through years ahead when there are good, bad and tough times. I like Star of Hope Mission in Houston better because security never continues to check belongings when they walk back in the facility if they are familiar with you and do not have weapons on them. I noticed security starts off doing mandatory checks for belongings after you are admitted to the program. My personal finances will strengthen when I get back to Detroit into my permanent housing with the first lady Jennifer. I have eight more days to be in New York State and be moving back to Detroit. I lived in Detroit and Southeast Michigan previously for two and half years. People matter as well and call Michigan a second home because I lived as a Detroit resident for over two years.

We need to let God Guide us with our vision and desires, not people in the sinful world. I have desires. I started to realize my desires are in Detroit. I was able to transition my congregation to Southeast Michigan. My congregation has been able to grow since 2014. My membership is now 9,047 members that live in Michigan, Illinois and Midwest and say they are looking for a church home. When I do sermons like satellite web streaming from Brooklyn, it is usually close to all members watching my sermons from the sanctuary listening to me according to church staff in the sanctuary at the times of services in West Detroit. I like to say something about the LGBT community and what they did and what they did to become homosexuals. I think people convert themselves to be gay because I believe the dating pool today's society is so shallow. I found out from a professor while I was an undergraduate that the dating pool is not like it used to be that people can easily find their future soulmate of the opposite sex.
