Communities nationwide say they approve of Senior Pastor Nicolas Hobson on gun violence and gun control in the United States of America compared to Democratic Presidential candidates. 38% of Americans support Senior Pastor Nicolas Hobson on gun control and 45% disapprove him on gun control. 40,356 Illinois residents participated in the survey. He supports national background checks for gun owners and Americans that want to buy a gun. He supports the second amendment to the US Constitution that applies in the west. National background checks will prevent guns and weapons end up in the wrong hands and will prevent terrorism.

Relief Program has helped households in Illinois since 2014. The \$3,500 grant opportunity has provided financial assistance to Chicago households since 2014. Computer and Job Training Program was implemented to train Chicago and Cook County residents that are unemployed, underemployed, homelessness, people with disabilities, juveniles, youth and ex-offenders. I will personally donate \$1000 to Pacific Garden Mission in February 2016. I will

personally donate \$1000 to Olive Branch Mission in March 2016. I will personally donate \$1000 to A Little Bit of Heaven in April 2016. I will personally donate \$1000 to Franciscan Outreach Association in May 2016. I will personally donate \$1000 to Cornerstone Community Outreach Center in June 2016. ## *Church Economic and Community Development in Chicago*

### **Economic and Job Growth**

The Small Business Program will help train eight hundred Americans each year to help Americans succeed in this country and private sector. New and existing small business owners can use the grant funding from the Small Business Start-Up Competition and Small Business Voucher Program to start businesses and create jobs in manufacturing, food service, nursing and medical assisting, medical field, nonprofit, trust, partnerships LLC, LLP and child development. Small Business Program can provide forty thousand jobs each year in

Chicago to put Chicago residents back to work in jobs closer to home. Small Business Program can reduce the unemployment rate in Chicago to 4.7% and 8% on average that include underemployed Chicago residents. Computer and Job Training Program will train eight hundred Chicago residents each year to help put Chicago residents back to work in good paying jobs. The church is looking to do more to help homelessness get back on their feet in the city of Chicago. The church plans to do more to help Chicago residents stay out of homeless

shelters. Church believes in Bernie Sanders message that families should have to have a family in poverty. Americans should not have to work 2-3 jobs just to get by with stagnate wages. Federal government need to give business the confidence to raise wages for Americans in the private sector without big government bureaucracy. Employers raises wages not government. Federal and state governments need to keep taxes low for employers to raise wages in the private sector. Federal and state governments need to lower the small business taxes to ten

percent to compete with other countries. Right now, Senior Pastor Nicolas Hobson support John Kasich and Rand Paul on the Republican side for Republican Presidential nomination. He supports Martin O'Malley as the top choice for the Democratic Presidential nomination with Bernie Sanders ranked second. Americans can view the church YouTube channel: <https://www.youtube.com/channel/UChGJeZLSr30-4pFK1iUNv3A>. The church had a total of \$267,563.71 in receipts for the filing of the IRS 990 form. The amount of receipts were provided for homelessness outreach in Chicago in 2015. The amount of receipts came from donations in low-income communities. Receipts are from financial assistance to the homelessness from Homelessness Financial Relief Program, homelessness outreach and operations and church cash donations to the homelessness in Chicago. Donors were safely able to write off donations this tax season to the church in Chicago, other cities and abroad. Treasurer office has not got any complaints from federal and state governments for illegal actions. The church

has sent out press releases to local and national media that explained the church legal structuring. Americans can view the press releases on the website: [americahomelessnesscoalition.yolasite.com/blog](http://americahomelessnesscoalition.yolasite.com/blog). The church board of Directors mailed the IRS 990 last Monday. Illinois need to be fixed from the bottom up because corruption has been going on in the state since the 1930s. Corruption in Illinois need to end and provide term limits for state lawmakers. Legislatures in other states has term limits. Illinois need term limits in the Illinois General Assembly. In other states, State Representatives serve two terms and some other states Governors serve two or four terms. Senior Pastor Nicolas Hobson currently say that state politicians are afraid of term limits and will not implement them. Illinois politicians do not support change and ending the decades of political corruption. It is Democrats and Republicans in Illinois General Assembly that served too long in office and time for career politicians to step down like House Speaker Michael Madigan. All Illinois voters need to get out and vote in March primary

because voters need to vote for change in Illinois. Only good politicians need to stay is Christian Mitchell, Emil Jones III, Lashawn Ford, Marcus Evans, Mary Flowers, John Cullerton, Derrick Smith and Napoleon Harris.
