We need to read the bible to get the devil out of our lives because we need to keep the bible on our minds daily. The Bible will help you live a spiritual life and become obedient to the Lord. We want to own this earth as Christians and disciples by eliminating the devil and darkness. Youth and children need to eliminate devil music, such as hip-hop/rap music. Youth and children need to listen and be motivated to christian music.

We need to repent by confessing our sins to the Lord.
We need to repent to the Lord for our sins, stealing, lying killing, profanity, filthy speech, bitterness. We must do all we can to resist the devil in our lives by attending the church, fellowship and worship gatherings. We must do all we can to repair our souls for the Lord to gift of eternal life. We must renew our souls and minds for the Lord. We have the authority to kick the devil out of our lives forever. The devil is not our God and rock of our salvation. You need to love God more than you love anything else.

The devil wants to take over your heart and steal you from Jesus.
The devil wants us to have worries and doubts about God's love and provision.
The devil wants to stress us out
The devil wants us to live in fear.
The devil likes to control how we think.
The devil wants to tear others apart.
The devil wants us to be in depression and hate.
The devil is turning us against our bodies causing us to starve ourselves.
The devil wants us to treat each other badly.
The devil leads people to gossip, criticism, and unrighteousness.
The devil leads people to cluelessness.
The devil wants us to be divisive.
The devil wants us to feel insecure.
The devil wants us to avoid the church.

Christians and disciples are supposed to stay away from meat and pork. We supposed to be eating healthy with fruits, vegetables, fruit juices, water, bread, grains. Christians and disciples eat limited snacks and pastries. Christians and disciples are not supposed to have hard liquor and smoking. Christians and disciples are not supposed to have tobacco either. People that eat spicy

foods, meats, snacks and fatty foods are unhealthy foods for them as Christians and disciples. Churches host food pantries as a Godly thing for the Lord. It is the Lord providing us clothing and food because the devil is taking away clothing and food from us.

We must not be jealous, envious, conceitful to one another. We must stay away from hate, discord, sexual immorality, impurity and debauchery, rage, dissension and factions. We must provide love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control. People need to be careful with their prosperity that lead to greed and darkness. We must remain humble.

Do not get discouraged to follow the Lord and Holy Spirit.

You do not discriminate the Lord about saying Jesus is no good, self-pity, not making a difference in your lives, no faith, and giving up on the Lord.

Thank God for what he given you

Pray to God daily

We need to be united in the world as Christians and disciples

Bless and praise wicked people on earth

In Jesus name, amen
