Christians and disciples have power and authority over the devil and enemies. God's plan does not include evil. Christians and disciples assert power given to you by God and the Holy Spirit. God does not want us to die and get sick. God wants us healthy and remains active in the Holy Spirit. God wants us to prosper while we are faithful to him and staying away from the flesh.

You must keep God and Holy Spirit in your presence during good and bad times. Christians and disciples need to have God in their presence during coronavirus outbreak because people are testing positive and dying from this devil disease. We need to fight the devil to fight evil of the coronavirus outbreak to cure everyone in this nation. Devil is attacking our health and humanity because he does not want heaven and Jesus to succeed at the throne in heaven. Devil is attacking our health and humanity because he doesn't want no one to walk through the gates in heaven. Devil is attacking our health and needs to be in God's presence. People need to be in God's presence and turn their lives over to Jesus to protect us from evil. We must be in God's presence to cause heaven to rise up much higher. Devil and hell must not succeed because we do not want devil and his kingdom to rise by attacking our health, mind, body and soul. Devil must not win with this coronavirus outbreak provides death, sin, flesh, diseases, temptation and darkness.

Youth and children need to be in God's presence because they make wrong choices and decisions lead to sin, flesh, temptation, fornication, lust, and darkness. Youth and children bear false witness against others. Youth and children do not treat or trust God as rock of my salvation. It is more youth and young adults LGBT having sex and fornication with others during coronavirus outbreak based on statistics in this nation. Youth and children do not treat or trust God as rock of salvation to the fullest daily. God is not your presence if you are gay or LGBT. God hates homosexuality according to his words in the bible and his disciples. God is not your presence if you want to go out to kill and provide violence and terrorism. God is not your presence if you are planning and providing terror plots to kill thousands of Americans in this nation and abroad.
