

Signs of Deception in Our Society

Treat God as your Boss

When you pay tithes and offerings to your church, you are treating God as your boss by giving to the Lord. When you serve God as a disciple and steward, you are treating God as your boss by doing God's work as the rock of your salvation. When you have fruit of the spirit and obedient to the Lord in your life, you are treating God as your boss. When you honor God as your protector and provider, you are treating God as your boss as your protector and provider. You are not just a child of the Lord. You are like an employee to the Lord because he is the leader of your salvation. God is your boss that can help you get into heaven and get passed him through the gates of heaven. God is your boss that can forgive you for your sins and pass the brazen altar in the tabernacle to the Holy of Holies.

When you are child of God and living obedient to God, you have to obey his rules and regulations to get into heaven. Satan is not your boss because he was fired by Jesus in heaven and created hell. Satan God fired because he tried to rule over Jesus in heaven. When you have a job at an employer, you have to obey rules and regulations for that employer and company. If you are wicked like Satan and disobey God in any way, you get fired and lose your job. Then, it is hard to get future employment and have to live on unemployment insurance living in poverty. The Devil put people in a position to be fired from Jesus and stop them from going to heaven. It means being wicked, acting like an atheist and ungodly to others in public and around you. Devil wants us to have targets in our lives to be fired from God and stop our gifts of blessings and eternal life. When you disobey rules and regulations for employers, it is a possibility you will not respect God and his servants on earth. if you have problems obeying rules and regulations in society, you have problems obeying rules and regulations from God. When people are having babies out of wedlock, it means you disobey God as your boss as rock of your salvation. When you are not peaceful and provide violence , you are disobeying God and the Holy Spirit.

Tell person next to you: honor and memorize Exodus 16-17

Tell person next to you: Obey and honoring God is not difficult

Congregation has gained over twenty members in 2021 based on information from First Lady in Detroit and other church staff. Total church membership is 4,025.
