

Philippians 2:3

I want to talk and preach more on this scripture because I agree with everyday Americans and Christians today about Muslims. When I look and think about the scripture today, I look at Muslims are so conceited. If Muslims want to be Muslims in this country, they need to get to a Muslim nation where they act disrespectfully and full of conceit with their bad negative attitudes towards others. I was glad that my father talked to me about not being Muslim when I was a child. I have had a friend since elementary school in Chicago that is a Muslim. He is struggling financially and economically living under a bridge. His father kicked him out of the house with no place to stay. He will not go to a homeless shelter to help himself and no one to go to and help him economically and financially. He used to keep asking me for money up to the time I moved to Houston. It is one of the things I learned from the staff at the Star of Mission is to let people like him follow his own way and path by preventing him from pulling me down with him. Staff at the Star of Hope Mission told me all I can do is pray for him. Him and Muslims are really jacked up in the head and act really disrespectfully as Christians that go to church. I call Christians in this nation to avoid any Muslims because they are disrespectful and need to go to Muslim nation abroad to do stuff like that. There are very few Muslims that are friendly and it is not here in Philadelphia. That is 100% fact. Muslims are more wicked and conceited as Christians.

Muslims need to improve their personality in this nation and stop being wicked as well as conceited to fit in this nation. If they want to continue to be conceited and disrespectful, they need to go to Muslim nations that tolerate that crap. This is a nation under God known as our God name Christ Jesus, not Muhammad or whatever Muslims savior is or who they worship.

Embarrassment
