

Signs of Deception in our Society

Do not let Evil and Sinners Damage your Salvation, Part II

God does not praise and bless for restitution because restitution is part of darkness and lust. It is not part of your salvation with God. Sinners doubt God because they do not trust in him daily. Sinners rather listen to the devil and get their life possessions by the flesh. Christians and disciples write down scriptures to discuss and describe your salvation to God. Christians and disciples are saved by God mercy and protecting are minds in the Holy Spirit. People need to Think about the sins you commit on a daily basis. You need to confess and repent all your sins and do not sin again. It is better to have more fruit of the spirit in your hearts while on earth. Christians and disciples do whatever God wants while they pray and faith in him.

People that provides a lot of sin should not be invited in households right now because I never invited people in my home in the past to present as sinners. I have more history living on my own. You do encourage people in your home or around you to sin or listen to idolatry. People of the darkness and sinners are evil and devil work. Christians and disciples yoke yourself to Jesus, not devil and unbelievers. Christians and disciples partner with righteous people that do not sin and not obedient to God. Christians and disciples spend time and partner with wise people, not sinners and devil acting people on earth. You need to stay away from wicked and sinful people on earth. You need to stay away from fools. You need to stay away from liars and sinners. People need to be open and confess their sins. People do not need to be friends and hangout with people who commit adultery, idolatry and Fornicators. People need to stay away from people represent greed and abuse others physically and with words. People do not need to partner and hangout with people that attack innocent and truthful people for fun. People that are greedy, idol, abuse others, Fornicators, fools, attack innocent and truthful people are thugs and hoodlums today. you need to separate your close friends that are sinners. God do not worship takers and not cheerful givers. People that represent greed and immorality do not go to heaven. If homeless men and women was more spiritual and not sinners, families will welcome more homeless relatives back in their households. Homeless men and women live in sin, darkness, idolatry and Temptation.

Congregation will have first Homelessness Roundtable meeting in Atlanta on January 25, 2021. Meeting will provide social distancing and CDC guidelines. I am happy to be in Atlanta because I have been meeting and making friends with local residents based on my political personality and leadership on helping low income and homeless people. I have been becoming friends and speaking to Black communities in Atlanta about ending Homelessness and low income communities.
