Sinners: Do not kill your Godly Spirit to the Lord  
Surviving and ~~Striving~~ Striving for Sin

Tell person next to you: Stop living in sin. Only way you will be able to stop living in sin is repent and confess your sins. After you confess and repent your sins, you must start living obedient to God and Holy Spirit. When you do not repent and confess your sins, you are still living in sin and temptation. You are being slaves to the devil and his Kingdom. After you go to hell after you die on earth, you are stuck in Hell forever. When you are in hell after you die on earth, you do not get eternal life and devil can easily control you. We need to avoid living corruptible lives that lead down the path of unrighteousness, sin and temptation. Our lives and minds are at war for heaven and hell. You have the devil trying to control our lives and God wants to lead us to righteousness. We must be careful to who we associate and be friends with on earth to improve our inner circle as Christian and disciple.

Stay away from the following and keep out of your inner circle:

1. Abomination to God: LGBT and homosexuality
2. Lying to people
3. Wickedness
4. Be a false witness against others
5. Disrespect people and your families
6. Commit adultery and having sex before marriage
7. Do not steal and/or kill

Read 1 Corinthians 8:9-11

Prayer to End Sin in your Life and Surviving from Sin

Heavenly Father,

Thank you for another day of Earth and waking up this morning.

Give me another chance on earth.

Thank you. Bless you and health.
