

Have Faith, Do not be skeptical

Some people and Christians are not liars or tells lies because they can be skeptical to doing some things. People like to be mindful of some things before they do it. It goes for helping strangers and people just met. God creation Freewill to make choices and decisions for ourselves that is sensible and common sense to them. People are wrong for calling everyone liars on earth. Some people use good judgment so people will not use them or take advantage of them everyday lives on earth.

1 Peter 3:15

But in your hearts honor Christ the Lord as holy, always being prepared to make a defense to anyone who asks you for a reason for the hope that is in you; yet with gentleness and respect. When you ask people for help and hope, do not negatively attack them if they cannot help you. When people cannot do things, it is for a reason. It is lack of trust because they do not know that well. For example, homeless men and women start to call people out their name on the street to people that do not have money or resources financially. If a working class person is not able to help person out, you should give them a reason why you do not feel comfortable or cannot help them out at that time. You can do the same thing to people that you just met that you are common sense person and do not feel comforters based on conditions and procedures.
