Paul mentored and served with Ephraim. Ungodly and sinners need to follow Ephraim's example to pursue the gift of eternal life. People need to be persistent in ministry by being faithful to his glory, praise and grace forever. People need praise in communication. People need to be passionate in prayer while praying to Jesus. It means praying faithfully to Jesus and facts. People need to be particular about people. It is not what Jesus at the throne does for you. It is what you do for Jesus on earth.

Paul Ministry Paradigm

Ministry was in vain

Ministry did not come from error or uncleanness

Ministry was not in deceit

Ministry was not all about pleasing men

Ministry was not flattering words or cloak of covetousness

Ministry did not seek glory from all men

Ministry was approved by God

Ministry was gentle

Ministry was well pleased to impart the gospel and own lives

Ministry preached gospel of God

Church homelessness ministry provided clothing, household items and personal care items to help homeless people and low-income families in New York and Western Pennsylvania in 2019. We do not help or provide services to Muslims based on criticism in previous sermons about them in the past.

Stewardship is not greed. Stewardship is people faithful to God and wise. Stewardship is sharing.

Stewardship is people that are blameless. Stewardship is people that have fruit of the spirit in their hearts forever. Stewardship is the mystery of God.
