

Series: Living with Integrity
Trusting God Timing

Heavenly Father,
Help us and our friends to trust in you.
Thank you for being our God for perfect timing
Your plans for me are greater
I surrender my life to you to allow my heart to grow as a mustard seed to heaven.
I will continue to wait on you to solve my situations, tribulations and path of righteousness.
I believe you are testing me and my heart for your kingdom
I want my heart to continue to grow as a mustard seed to heaven.
I rebuke impatience and anxiety
Help us trust in you and your decisions
Let us lean on you with our heart and minds
Help us be patient and not give up on anything including God and Holy Spirit
Guide us to live by faith in your kingdom not feelings
In Jesus name, Amen

Ecclesiastes 3:1-3

It is the right time for me to move to North Carolina and get out of Baltimore. I have good opportunities to come out of Raleigh, North Carolina. What goals we set we need to make sure our goals are effective and achievable to be successful. When we set goals for ourselves, we want to pray and put God first in our life. The same thing was told to me when I was in the Spiritual Recovery Program at Star of Hope Mission in Houston. My goal is to move to Raleigh on December 5, 2024 to establish myself in permanent housing, find a local church while committing to Salem Baptist Church of Chicago. I will do that because I will not be able to go to Chicago as much to attend in person church services. I will only attend the church when I do not preach to my own congregation and members in North Carolina.

God is leading me to North Carolina to achieve my vision and goals to be a cheerful giver, use my spiritual gifts in shepherding, exhortation, wisdom, prophecy, knowledge and teaching. We need to be patient with God because we need to trust God's timing to guide us during our tribulations. Honestly, I let God guide me during my tribulations and do not lean on my own understanding. I was instructed to do that when I was in the Spiritual Recovery Program at Star of Hope Mission in Houston last year. We need to learn from Joseph in the bible during God timing for us that leads him to greatness from God. I believe God called me to continue my spiritual gifts in Raleigh, North Carolina, I believe I came to Baltimore as a mistake and God was trying to lead me to North Carolina the whole time.
