What not to do in Holy Spirit and God

- Do not tear away work of God
- Do not drink alcohol or eat meat
- Do not rob God
- Do not gossip
- Do not grumble
- Do not feed trolls
- Do not spike the football
- Do not shoot Jesus in the foot

Christians and disciples must practice gratitude to have good contentment to the Lord. God do not worship and come through for takers. Christians and disciples must take control your attitude to follow and worship the Lord. God do not worship people that is constantly wicked and live in sin to the world. Christians and disciples must break their buying habits in their lives. People need to stop comparing themselves to others because you are an individual that need to think like an individual. Do not be a follower to join gangs, live in sin and temptation, darkness and slave to devil, dropout of school and college making it harder for you to succeed in your life, giving up on your goals and accomplishments. Do not listen to people that will takeaway your hope and become dream busters. Trolls are people that are bitter and angry. You do not want trolls to eat up your time to make you angry and bitter.

Tell person next to you: have hope in yourself

Christians and disciples are supposed to help others in order for God to come through for you. Christians and disciples are supposed to be cheerful givers and help the poor. People like to hold on to money and do not believe you must give in order to receive. People like to hold on to money income is all about greed to listen to hell and devil at the throne. People are disobeying Jesus orders to be cheerful givers as a law in the bible. You need to be content what you have because you may have very little. You need to keep your head up to the lord and worship heaven as rock of your salvation (Act your wage). People need to stop buying what they do not need because you only need to worry about food, living expenses, and clothing. You do not need expensive clothing and shoes that will cost you nearly \$100 or more. What is wrong with shopping at thrift store, Walmart, Forman Mills, Dollar General, Dollar Tree, and standard community grocery stores. You do not need to eat fast food restaurants because you can save your money to cook and eat at home. People need to show more appreciation to people without gossip, negativity and being judgmental about each other. People need to start appreciate low cost and simple things while living in households and homeless shelters.

What is important to you?

Examine your commitments to prevent confusions and stress

Doing less each day to prevent confusion and stress

Prevent stress by leaving space for tasks and appointments

Take your time and enjoy your tasks to prevent stress and tasks

I have peace of mind because I complete difficult tasks first, do not care what others think of me daily, let go of things I cannot control. I stay positive to prevent stress and confusion. I live worry-free because I am positive.
