Don't Kill Your Body Spirit & the Lord
Thanking God for your soul and all

Psalm 145:1-9

As Christians and disciples, we must praise the Lord for all your soul because He will get you through the gates of heaven and lead you to your gift of eternal life. You must praise God all your soul to get to the Holy Place and Most Holy Place in the Tabernacle. You are not praising God in your soul when you are in debt and being envious towards others. You are not praising God in your soul by living with signs of deception in your life. You are not praising God in your soul by keeping him in your heart for a few times or a few percentage of the time. Every person needs to praise God in all your soul. Tell person next to you. Don't be a people pleaser that encourage people to trust in man.

Do not put your trust in garment

Do not put your trust in the world to deliver yourself from evil

Do not Worship Satan and his Kingdom

Do not look and worship people that are having a sign in other countries because God needs to be your King

Do not call on government and politicians for help as your savior

You want to hold on to spirit from God and not let Jesus depart from your life and soul. It means to praise your inner circle and praise around you like voters, envy, wickedness, signs of deception. When you praising God in all your soul, you must keep your inner circle to prevent you from going down that path towards anger and unrighteousness forever.
