

Signs of Deception in Our Society

Proverbs 21: 10, 18, 27

My favorite scriptures have always been I believe people continue to judge strangers and people that they do not know they have a slave mind to the devil, to the world and wickedness. I try stay distant from evil and wickedness people because their minds are slaves to the devil and world. Wicked people are what I talked about in my sermons in the past. I preached about atheism and wickedness to the congregation in Detroit in 2017. If you meet someone that says they are a Christian and still talk negative about people and world, they are not a real Christian and act like fake Christians. People with a slave mind and think negatively are slaves to hell and the devil. Wicked people provide hate and envy towards successful and sophisticated people that they know it all.

Wicked people that are continuing to be wicked and are slaves to the devil because they rather get their life possessions by the flesh, idolatry and sin. Idolatry and pride is not path of righteousness to get things and blessings from God. Idolatry and pride is not blessings and mercies from God. People that continue to be wicked and sin on earth are transgressors that disobey laws and rules. Wickedness are always on offense against righteousness to sell sin to others on earth. Wicked people have bondage to promote negative idolatry, sin, temptation because they act like transgressors in society. People in this society are making friends out of ransom asking strangers for money and possessions on the streets. That is buying friendship on earth. The people try to make friends on ransom on the streets are not homeless because they lack responsibility and commitments in their lives to do better for themselves. I explained in the past and past sermons that hustling working class people for money is not a full-time job.

Tell the person next to you: hustling is not a full-time job.

Tell person next to you: wickedness is evil

Church will still have LGBT to Straight Recovery is a successful program to reduce and convert people from LGBT to straight since 2014. Recovery program is really successful to convert people from gay to straight in Louisville, Philadelphia, Detroit and Chicago. Program talks about steps to be a reformed Christian and disciple
