

Signs of Deception in our Society

How to remain faithful to Jesus and the gift of eternal life?

You want to have eternal life after you die on earth. Aggressive people that still judge people and false reports about people have lost souls on earth. People wicked to other people may talk about God not having a heart and having lost souls on earth. People with lost souls and spirit on Earth will continue to fall because that is 100% fact. People with no strong faith and contentment to God is lost. In order to keep faith in families, households must be united and prevent providing division in families and households in this nation. People in households and on earth need to stop criticizing other people on earth and always be negative. If you continue to live and act wicked to others and in society, bad things continue to happen to you because your life will continue to run into a wall. You must destroy your target of wickedness to be a righteous person on earth. For example, stop provoking people with anger and stop gossiping about people with anger. People wicked behaviors do not have full heart of God because they do not have a pure heart and not whole.

Luke

2 Timothy 3-4

God shines a bright light on people that are 100% righteous people and humble to God. God rewards people that are faithful to him and rewards you. Whatever you do for God as a righteous Christian will be rewarded by God. We must be truthful and stick to telling the truth. We must be truthful and be open minded to people telling us the truth in hard and bad times. When I lose things in the past and present, I was always blessed to get it back. When I lost some valuable things and belongings in the past and present, I am always blessed to get it back.
