Stay Away from Curse and Humiliation during your Spiritual Journey, Part II

Homelessness is not sin because God is testing your heart and soul. Some people say homelessness is a curse because they see themselves in a system designed to fail them. People say homelessness was a zero percent, organization that deal with homelessness and poverty will have nothing to do. It will be more to do for organizations and businesses to end homelessness, such as maintain permanent housing, helping people dealing with mental health, help people anger management and mental health, help people dealing with abuse and addictions. The following need to be implemented and passed by Congress:

- Allow Americans to pay thirty percent of their income for rent, not currently 38.6% of income towards rent and/or mortgage.
- Hold slumlords accountable and provide immunity for slumlords to allow current tenants to sue landlords for poor housing conditions. United States Department of Housing and Urban Development to request new management of properties and mortgage companies to prevent more slumlords. It can help tenants save money and make better choices for rental housing.
- No new taxes in the housing market unless it targets the top 1% because taxes may cause increased interest rates, property value for homebuyers and renters, security deposits and down payments.
- Fair housing
- End housing discriminations
- Give to homeless men and women that will do positive things with the money, such as buy food and personal care items. Do not give money to homeless men and women that will use money you give them for marijuana and cigarettes. Money is a blessing to homeless men and women, but it is a blessing to homeless people that use it the right way to help themselves in a righteous and positive way each day to prosper.

Defeat Satan in the blood of Jesus. You do not be part of any accuser. Do not focus on your failures because we need to focus on our savior Jesus Christ. It will get people out of homelessness and poverty. As Christians and disciples, we must silence Satan in our lives. Heaven and God represent land of opportunity and engagement. God paid for our failures and sins at the cross. While you are homeless and living in poverty, do not focus on your failures because it is better to focus on God for encouragement and opportunity to move forward. It is no condemnation in Christ. Businesses and organizations need to leave past failures and move forward. Homeless men and women need to leave past failures alone and move forward in their lives. Everyone needs to transform their regrets into thanksgiving and use your failures to keep You are humble.

IRS and Government Agencies

IRS is a curse to churches and religious organizations because they want to keep churches, Religious leaders, pastors and evangelicals are silent without a voice in the communities. It needs to be more religious freedom that was voted down by Democrats in congress in 2017. Churches

and religious leaders need to be allowed to register as a lobbyist for advocate on issues in the communities.

- More religious freedom from governments by protecting 501c3 tax exemption
- More religious freedom from governments

Sagging Pants and Hoodlums

Sagging pants is a curse on young people and adults because men think it is cool and it is not. It is not being a man and acting like a man like back in 1950-1980s. Real and intelligent men and young people do not sag. Men that sag and act ghetto are not real men in society because it is disgusting and rude. It is not a good mentoring technique for young people and children today. It is not respectful today in society. Do not be tempted to act or be a thug. Do not let people encourage you to be a thug or hoodlum in a public or private setting. Do not be tempted in private settings to lead you to path of homosexuality and LGBT because they are leading down the path of sin. Young people, children and youth need to be focused on staying in school, do good and prepare for college to make something out of themselves. Do not be focused on joining gangs because gang members are trying to put a dent in your hearts and become more unrighteous. Gang members are trying to lead youth and young people to the path of idolatry.

Stop hustling money from people for food and go to homeless shelters that can do more to help you in your situation. Homeless men and women may not want to, but it is best thing to do and do not have to worry about where your next meal will come from. It is same thing with bathing because people need to find homeless shelter to bathe because it is not a good thing to walk around with bad odor to damage your reputation in public and private settings. Stop smoking and drunkenness Tell person next to you: God is testing your heart and soul for righteousness

Proverbs 13:11, 10:22, 1:7, 15:33, 31:8-9

1 Corinthians 6:10

Luke 12:15
