THE DECLARATION OF INDEPENDENT SOVEREIGNTY

Decree this Day: January 4, 2026

Location: The 8-State Artery and Bible Belt

To members and church staff

I. THE REJECTION OF THE PARTISAN GRID

I stand before you today as Bishop and Senior Pastor of this flock not as a tenant of a political party, but as sovereign architect. For too long, the static of the partisan grid has attempted to dictate the zoning of our spirits. I am not a Democrat. I am not a Republican. I am an Independent governed by the great architect code known as God's kingdom. We are extracting our vision from the political and everyday rubble and moving to the high ground of acoustic clarity.

II. THE EXTRACTION FROM THE STATIC

The north has become a jurisdiction of neighborhood static and liar landlords. Therefore, the The congregation is vacating the Michigan site. The church is moving to the suburbs of Memphis. Known as the DeSoto County corridor and our primary expansion site to Houston, Texas. The congregation is moving below the bible belt where the soil is rich, the logic is sound and the An independent mind is free to build without interference. I wanted to move to Mississippi in 2015, but I got talked out of it by my mom based on her experiences visiting there as a child with aunts and uncles.

III. THE COVENANT OF THE 13,000+

To those of you who have already purchased their tickets: your ticket is validated. We are moving as a coordinated workforce. We are taking our integrity standard and Star of Hope Mission testimony into a territory that recognizes found faithful leadership. We are no longer loitering in the ruins. We are occupying the southern artery.

IV. THE FINAL DECREE

Let the record show that as of this hour, the 8-State Artery is an independent jurisdiction. We operate on fidelity, logic and sovereign grace. The move is live. The blueprint is signed. The south is our destination.

Signed,

Bishop Nicolas Hobson

Senior Pastor, Lord Jesus Christ Community Baptist Church
