

How to become Citizen of the Kingdom of God and Tabernacle?

People that continue to provide false witness about other people, any false reports, live in the darkness and Satan Kingdom is still lost with their mind and soul. People that continue to live by ideology and fed too much baggage will continue to live by Satan Kingdom. I mean live by the path of unrighteousness. As ordained Bishop and an American, I see division among Christians in workplaces and division among homeless men and women at homeless shelters. Based on statistics and research data, only 6-10 homeless men and women make it out of homeless shelters each year because they are righteous Christians that turn their lives over to Christ. Other homeless men and women in homeless shelters think it is a serious problem. Thuggish and hoodlums in this nation and in the workplace are lost and act like haters. Haters and hoodlums in this nation and in the workplace do not respect their elders and people around them. That is wrong and unrighteous. People act like haters, instigators and hoodlums will continue to not get past the brazen altar in the tabernacle.

I love God and Son of God with all my whole heart. It is time for you members and all Americans do the same. It is time to obey the slogan you see on landmarks and Government buildings "In God We Trust." It is time to reevaluate your life on earth to seek God and honor the Son of God that died for our sins to succeed in the tabernacle. People that do not want to evaluate their lives to seek God and son of God known as Jesus need to let God and Jesus do their job to judge them on earth. You and that person will be going to heaven after you die on earth. They will not because they will burn in hell and not be seen again. My grandparents told me a story while I was a child and they told me after you die and go to hell. People are not seen again after you are in hell and Satan Kingdom. You are stuck in Satan's kingdom with no way out without eternal life. Ask the person next to you: Do you want to burn in hell after you die?

Philippians 3:20

"We are citizens of heaven, where Jesus Christ lives. And we are eagerly waiting for him to return as our savior."

We must protect our citizenship in heaven as we are here on earth because it means do not deny Jesus and God as rock of your salvation. We must protect our citizenship in heaven as we obey God's commandments, such as do not steal, kill, bear false witness against others. We must protect our citizenship in heaven as we honor our parents and people around us. You continue to be disrespectful and gossip about others on earth. You lost your citizenship in heaven forever. That is 100% fact. People that continue to be disrespectful towards you and be a sinner need to let God and Jesus do their job in heaven to judge them. God and Jesus can take away sinners' gifts of eternal life in heaven and not let you in the holy of Holies in the tabernacle. It is time to come together as a nation and world to be righteous Christians and separate people out of sinners that deny God and his kingdom. We need to come together as a nation and world to separate out

people that continue to sin, provide hate and bear false witness against others on your job or in public. Do not be tempted by a sinner, hoodlum, thuggish person that tells you to live in the darkness. Hoodlums, thuggish and haters will continue to fall while they continue to follow the path of the darkness. sin=death. If you have died yet and suffered your consequences from God and Jesus, it is coming any day now unexpectedly. I am not trying to frighten anybody, but the truth about and from God and Jesus is the truth. That is a 100% fact because God is not a liar. It is time to turn your life over to God and Jesus by becoming a cheerful giver and helping the poor.

I am on track to teaching my spiritual classes to members and visitors in January 2023. It means I am going back to the church and congregation full-time. I will be back to getting a pastoral housing allowance in January 2023 based on the status of the Pastoral Housing Allowance Trust Fund that represents love offerings the congregation is receiving from members and visitors. I am excited about that as ordained bishop of the congregation. No more second jobs and income for me because the church bookkeeping team says the trust fund is almost there and has the fund to pay living expenses and housing starting January 2023. The church will be opening and moving into a new building in Michigan in January 2023 thanks to the building fund. In order to maintain your spot as citizens of heaven, you must not be committing adultery, homosexuality and fornication. You must not be having children out of wedlock before marriage.

The church will be putting together an escort service for members and people in the community in Michigan and Georgia to help people get to work and appointments because many people say public transportation is horrible in Southeast Michigan. Church staff have been hearing from people in Detroit and Southeast Michigan that public transportation is horrible because people in southeast Michigan witness delays of service making them late for jobs and appointments. Some of my senior staff have been taking notes on comments from everyday people trying to get to work, school and important appointments. People in recent days have mentioned to some of my senior staff about putting DDOT and SMART out of business in the near future to cause them to lose money and revenue. Some of my senior staff tell individuals no because we are trying to make people's lives better and caring for people that want to hold on to their jobs and make important appointments. In my own eyes in the past based on my experiences, I saw people waiting on the bus get robbed, beaten up, mugged and killed. People do not want that in their communities. The escort service will be free of charge and more information will be brought forward at a later date. People that escort people around to work, school or important appointments will be deacons of the church, members that volunteer. The purpose of the escort service is to help people in the communities in Michigan and Georgia keep their jobs and employment to prevent termination or layoffs. The church bookkeeping team makes it clear that the escort service will make up two hundred individuals that will escort people to work, school or important appointments to avoid waiting on public transportation that are delayed or never show up to their destination on time. When this final proposal comes to my desk, I will sign it to implement the church escort service. I received briefings and found out the plan/proposal will be

at my desk by Monday evening to sign. I make it clear to committees and some staff that I would like to implement this church free escort service in Southeast Michigan right away to help many working class Americans. This is an honest program that will be implemented by the congregation immediately after my signature on it. The church's new community initiative Stop Crime and Violence, Fund the Police meeting will take place on October 24 at 6:00 PM to address gun violence and crime.

Say to person next to you: stay away from haters and negative ideology

Say to person on other side of you; Seek mentors that believe in God and rock of your salvation
