

Have Faith, Honor and Celebrate Palm Sunday

Christians and disciples need to praise and honor Psalm Sunday because the trees and branches represent God and Jesus at the throne in heaven. Christians and disciples rejoice the Lord on this day on earth to honor God and Holy Spirit. This is the day all righteous people should come together on this day to honor God and Holy Spirit as Christians and disciples. Christians and disciples need to be happy on this day that we flourished as a Christian and disciples from the darkness. We need to thank God on this day we took sacrifices to love and cherished his Godly word to stay away from the Darkness and hell. As a Christian and disciples, it is your duty as a servant to the Lord to do good. Christians and disciples must confess and repent for their sins in order to be baptized and born again in the Holy Spirit. Ask yourself the following questions:

Are you a tree of evil representing evil and hell?

It means you are a taker and sinner. You will continue to be a slave to sin to provide hate and violence. You will continue to listen to the flesh and judge people on earth by providing false witness against others. You rather listen to idolatry to let people lead down the path of unrighteousness and darkness. You continue to hate on successful and sophisticated people while your life is running into a wall day after day on earth. You do not want to make wrong decisions that happen in the Garden of Eden about wrong choices were made with the tree of knowledge. I believe my community prayer to American people for people well-being during Covid-19 outbreak have been answered because Covid-19 cases are starting to decline in some cities and states across the country. It means having more faith in God and Holy Spirit is providing the common good to resist the devil during this Covid-19 outbreak. When you pray to the Lord and have patience as the child of God, your prayers will be healed and praise. It needs to more prayers and evangelicalism done in New York, New Jersey, Massachusetts, California and Texas. You need to keep the faith in God because Satan loses during this pandemic on earth. Covid-19 outbreak is the rapture that devil has created on earth to become threat against humanity to takeover earth.

People representing evil and darkness:

- Not spiritual and physical fit to serve the Lord
- Do not pray and have faith in the Lord
- Do not want to righteous and do wrong things in the world to lead to death

Are you tree of good that represents heaven and Jesus at the throne?

It means on this day you need to be familiar with God and Holy Spirit by knowing who God is

at the throne in heaven. On this day, you want to be familiar and have knowledge of Jesus to live for him on earth, not be portrayed by the world and worldview. As a child of God, you do not want to listen to baggage and worldview because God is the person you will want to listen and pray to daily on earth. People that do not pray to God and Holy Spirit will still be slave to the devil and doing devil things on earth daily. It is not good to be split Christian and sinner during these tough times. We need to be whole and want to succeed as a servant of God. We need to be humble to the Lord during these bad times, so God can save us from the devil and evil on earth. We need to eliminate hole in our hearts and become a whole and humble Christians. People need have faith and learn how to have patience with others. If someone do good for you, you need to do something good others because good need to go both ways. If a person helps you out financially and get you out of poverty, you need to be positive and do something good for them. Gratitude and friendly things go both ways. If you don't like doing things both ways, you are not a Christian and act like a fake Christian. You do not go to God at the last minute realizing you sinned and done some wrong things in your current life. We live in the New Testament, not the Old Testament because God Jesus rises from the dead on the third day. We all on earth supposed to be living in God grace daily.

Jeremiah 10:5

Psalms 92:12

Leviticus 23:40
