

God is in Control on Earth

Tell people on earth: judgement day is real.

Tell people on earth: heaven and Holy Spirit is real.

God punishes sinners on earth that are sinners and disrespectful to God servants including children, youth and young people. If you are struggling to prosper and succeed on earth, God will make it better when you follow the path of righteousness on earth. God will come through for you if you follow the path of righteousness on earth. If you are struggling financially on earth, God will make it better when you follow the path of righteousness. Christians and disciples let Jesus come into their heart. God will heal your heart forever on earth. When people on earth sin, they are slaves to the devil.

Tell people on earth: do not be a slave to the devil.

Tell people on earth: ignore the devil

Tell people on earth: do not live for the devil

Let God provide you with contentment.

Sin=death

Sinful nature=death

Ask the Lord to provide you with self-control to succeed the Holy Spirit and Tabernacle while on earth. Christians and disciples act like God is in control of their lives and destiny.

1. Act as an ambassador and steward to Jesus Christ and Holy Spirit.
2. Pray and testify to the Lord daily.
3. Do not be ashamed to worship and praise the Lord.
4. Accept the Lord as the rock of your salvation.
5. Repent and confess your sins on earth
6. Accept God blessings and prayers while on earth.
7. Fear the Lord while on earth forever.

God will judge what you do on earth forever. Your life is in God hands while on earth. God is judging you at the throne. God is judging people at the throne that do not worry about their own lives and in other people business while on earth. God is judging people at the throne and kingdom in heaven. God will come through for you when you let Jesus control your life and destiny on earth. I recent anchor myself from sin and sinful nature. People here in Dubuque and whatever I go just not realize it. Hoodlums and dream busters are dream busters on earth. When I talked about African Americans men and women are all about fear fucking and foolishness are not racial comments. It is saying it exactly how it is in black communities today. African American men and women need to stop being envious and their own business on earth. It is not an opinion. It is 100% fact. African American men and women need to stay out of other people lives and stop gossiping about people because those American men and women are wrong to judge people they do not really know on earth. It is a 100% fact. It says in the Bible people worry about their own destiny. People that do not worry about themselves and in other people business is a sinner on earth. People like commentator Garrard McClendon made the same statement

about the black communities that it is so many problems and barriers in the black communities. God servants know that gossiping and have people told is the path of righteousness to eternal and everlasting life. It is less African American men and women that are successful with college degrees, jobs and careers.

Young African American men and women gossip about people they do not know.

Young African American men and women think they know it all about people they do not know.

They are wrong every time.

Young African American men and women do not have any responsibility and want to live off the government receiving welfare and social security.

Young African American men and women do not know how to pursue opportunities to actually achieve them.

Young African American men and women do not know value of hard work.

Tell people on earth: gossipers and haters on earth are sinners.

Tell people on earth: Gossip is wrong and dishonest

Tell people on earth: Gossiper and haters are slaves to the devil.
