

Contentment in Christ

The Two Mouths: Blessings or Rotting-Choosing Worlds that Reflect God, Not the Accuser

Heavenly Father,

Guide us to improve our inner circle that continues to be wicked and live with anger problems
Protect people in public by putting guard around people to protect them from wickedness and mental health, anger problems that are unstable and like saying stuff to people about people for people that like to be judgemental.

Protect us from the sinful world and abomination from God

Guard our hearts for your kingdom

Thank you to family and friends that have a connection with God within their inner circle

I ask you to judge the wicked and people with mental health for their sins, temptation and evil.

Protect and guide us as Christians and disciples from evil minded people in the world

Thank you for blessing the humble and righteous

In Jesus name, Amen

I want to tell you the truth about people with high mental health and anger problems in public. Those people are like Lucifer and will not go to heaven after they die on earth. While Christ Jesus and will go to heaven after they die on earth, they will be with other believers that will share and be part of the heavenly feast in heaven. Wicked people on earth that will continue to go to hell will burn in the lake of fire in hell as one of Satan demons. People like us and myself that will go to heaven will have the opportunity to live in the new world created by God. That is 100%. Wicked people with high mental health and will continue to continue to rot and be a prating fool. Wicked people that continue to conceal violence will on earth will rot and burn in hell with Satan in hell with the lake of fire. That is a 100% fact. I do not believe in marriage equality and same sex marriage. I will continue to call the LGBT community the basket of deplorables. They are the basket of deplorables and I mean that at the bottom of my heart inside and out. People with high mental health and anger do not try to do nothing to help themselves because they continue to cause they ways to get themselves into trouble and think they know everything about people. Judgment towards other people is a sin because we do not know anything about other people to judge them. I think older and younger generations do what they do with wickedness and high anger and mental health is putting themselves in situations that do not make sense.

I preached in previous sermons in the pulpit that we need to be cautious about who we make friends with by doing what Christ Jesus did is build our own inner circle with our 12 disciples. Do not get fed into this world with these sinful, wicked and evil minded people with mental health and anger problems taking out their frustration and depression on other people because they are starting to look at their life realizing they do not have nothing to look back on and have not made any achievements. It is not working and career focused people that you are irresponsible and rather live off the government on fixed income. Those people with mental health and anger issues hate and envious towards successful and career focused people in communities and on earth. People with mental health and anger problems rather be tax collectors and mammon by living off the government. People with anger and mental health will continue to be a babbling fool that will rot. I want to say to people like the Caucasian woman I seen in Manhattan talking

to her negatively about her mental health and anger is considered to let people with unstable mental health and high mental health issues with anger continue to do what they do and let them follow their own path in their life. I want to say to you is the people with mental health and anger will be limited if they continue to go out be wicked and disrespectful to people with their wicked ways. They will not go to heaven and guarantee burn in hell with Satan and the lake of fire.
