

Thursday Bible Study Lesson

Honor God as the Creator on Earth

Psalm 146-150

We are created on earth as humans by God to praise the Lord and live in the path of righteousness. If you want God to come through for you, praise the Lord on your soul forever. If you want God to come through for you, Christians put their trust in him daily. I urge all believers of Jesus Christ and the resurrection to study and memorize the scriptures in Psalm 146-150. Ignore Muslims on earth that tries to alienate you and discourage you from the bible. As senior pastor, I do not believe in the Koran and Allah. Jesus Christ is my savior and rock of my salvation. Jesus needs to be everyone rock of salvation on earth to accept the gift of eternal life. Jesus wants all of us on earth to succeed in the tabernacle and get passed the brazen alter. Only way you can get pass the brazen alter to the brazen laver to Holy of Holies is repentance and confessing your sins.

Tell the person next you: have hope in God.

Tell the person on the other side of you: God and our Lord made the heaven and earth.

Lord will lift you up when you bow down to him daily. In order for the Lord to praise you, you have to be righteous on earth. Believers of Jesus Christ are righteous. Believers of Jesus Christ believe that he the forgiver of your sins. Jesus Christ and Holy bible is truthful to disciples. Do not let Muslims on earth alienate you.

Muslims are wicked and evil minded.

Muslims are fornicators and sinners.

Muslims talk negative about our great nation, its resources and politicians based on what I am hearing from Muslims today. Muslims talk negative about our military and veterans based on what I am hearing from Muslims today. Muslims talk positive about Al-Qaeda, Osama bin Laden and ISIS saying this nation got what we deserve on 9/11/2001. I oppose the hatred comments from Muslims against America and talking negative about my President and US government. I oppose building a mosque near ground zero and in United States of America. Lord is punishing Muslims if they believe it or not. Lord watches over all of us on earth daily. President Obama is not a muslim. Muslims are being punished by God who join terror groups and ISIS. I oppose death and death penalty.

Lord Jesus Christ is a healer.

Lord Jesus Christ is mighty and powerful in the Holy Spirit.

Be thankful to the Lord daily on earth

Lord is Merciful

Lord wants us to stop hating each other and love ourselves.

Lord wants us to praise everything on earth forever.

Lord is the rock of your salvation.
