

Appreciate your Elders and Peers, not Bondage

If a person has a good christian gene pool, it is possible the newborn baby will not be a sinner. It is possible that a child will start out as a Christian baby. A parent that live spiritually and go to church before child is born is more likely have a spiritual child that will grow up righteous to the bible. A parent never goes to church because the child is born and will not start out as a Christian. It is possible children with parents without going to church will grow up as sinners and bondage. Father need to remain in the household and take responsibility because young boys need to be taught how to be a man. It is not good if a male grow up around so many women because it is possibly they will grow up gayer LGBT.

A spiritual life of parent years and months before child is born:

They know abortion is wrong and life is precious on earth. They know pro-choice organizations and politicians are wrong for encouraging women to get abortions. Go to church. Live spiritually and obedient to God. Live and obey God's commandments. Do not have worry, denials, guilt and life by pride. Do not get your riches and possessions by the flesh. Do not steal and kill on earth. Do not act or become haters of successful or sophisticated people on earth. It means don't hate, thanks! Excellent contentment and sure of themselves.

A parent with life in the darkness:

1. Unsure of themselves
2. Steal and kill on earth
3. Do and listen to idolatry and sin
4. Living in the struggle and lives running into wall
5. Haters of successful or sophisticated people that disrespect their elders
6. Continue mass incarceration and homelessness in the struggle

Christians and disciples rejoice in the Lord to praise what God gave them. Christians and the disciples are blessed and good for us in eternal life. God bless people on earth that fear him. People are comfortable living their lives by the flesh and sin do not fear him. I mentioned in my previous sermons about parents properly training their children.

Keep reading the bible and obeying the Ten Commandments. When you continue to read the bible and live obedient to the Lord, you live your life in peace without temptation and the flesh. Christians and disciples believe in God mercy and truth. Do not lean on your own lives because People on earth need to trust in the Lord forever. When you have fruit of the spirit in you, you are the tree of life. If you are married and want to divorce your spouse for another, you do not want to do that because you are committing adultery. You must honor your spouse at all times. My aunts on my mother side family committed adultery by divorcing one person and marry another. You do not want to become a hypocrite. You need to do your workmanship and deeds for God to eternal life. Christians and disciples do not buy from panhandlers because it is the darkness and about greed. When you love God daily, good things will come and God will come through for you. In the Holy Spirit, we are not male or female. We are all Jesus because we are on earth for him. As a christian and disciple, you do all things through Christ. Everyone on earth

supposed to do everything through Christ, not by the flesh and darkness. You are not supposed to get your riches and possessions from the flesh and darkness. You supposed to ask for things to Jesus in prayer.

40% things people worry about don't happen
30% worry about past matters and beyond your control
12% deal with our health when we are not sick
10% worry about friends and neighbors
8% worries have some reality

Men and women need to stay together to love their children and spouses. Men and women need to stay together for the good and obedience to the lord while living your life on earth during relationship and marriage. People do not need to stumble and be sure of themselves. When a person stumbles and is unsure of yourself. When a person stumble, they have bad contentment. People that stumble daily need to find more of themselves and stay away from the darkness forever. I call all wives to you to be committed to your own husbands. If you do not love your spouse, you do not love yourself. When you love your spouse, your spouse will respect and love you more.
