

Contentment in Christ

Cultivate Christ-like Humility: The Antidote to Pride Downfall

Heavenly Father,

Thank you for keep us and this flock humble to your kingdom

Thank you for your healing

Guide us to improve our inner circle to keep wickedness and sinners out of our inner circle

Guide us to improve our life spiritually to stop being a tax collector and mammon

Help us lean on your understanding not our own understanding

In Jesus name Amen

We need to become more like Jesus by learning about his teachings. We need to honor and read Philippians 2:5-11 because it illustrated Christ's selflessness and lowliness. The scripture teaches us the steps out of humility and cultivates humility in our everyday life. Focusing on Christ like humility offers a path forward and encourages believers in their journey of spiritual growth.

Cultivating Christ like Humility:

1. The example of Christ is humility.
2. Understand true humility. It is not weakness or self deprecation but realistic assessments of oneself in relation to God and others, prioritizing other needs.
3. The destructive nature of pride
4. Serving others, listening more to others. I do not mean listening to sinners and devil minded people. Do not listen to LGBTQ community known as the basket of deplorables. I will continue to call LGBTQ community a basket of deplorables. Do not listen to a basket of deplorables that encourage you to sin and provide abomination from God and his kingdom.
5. The blessings of humility leads to honor, favor with God and deeper relationships.
