

Waiting with Patience for Jesus

You do not have people living and waiting for God as walking as living for Jesus. People rather judge Christians and disciples waiting on God to answer their prayers. People rather judge Christians and disciples waiting on a false God like Muslims will say. I heard Muslims judge Christians and disciples in the past on their beliefs and religion. You see homeless people at homeless shelters judging Christians and righteous people. You see homeless people judging Christians and righteous people in Philadelphia including man and woman at 1810 Eleanor Avenue in Philadelphia.
