

John 10:9-16

God in the Past and Present, Part III

Heavenly Father,

Thank you for the opportunity to preach this message today to this flock.

Thank you for our strong stewardship and shepherding to your kingdom

Continue to guide us through our tribulations

Guide and help us prosper while dealing with our tribulations.

I ask you to continue to bless us while our hearts continue to grow as a mustard seed to heaven.

In Jesus name Amen.

When I read John 6:37, I think about what God gave me in the past and present. After I was baptized and born again on September 4, 2011; I believe what a deacon told me that things that I obtained from the world and the flesh was going to be taken away from me. I knew I had to earn it all back from God and his kingdom as long as I am a loyal servant and disciple to him. That is what you have to do in your life: start now to let God be your deliverer and source by letting God grant you things from above. It is not good that people want to get everything from the world without God. we need to answer ourselves the question: what is God and heaven therefore? Jesus did not waste his time and sacrifice himself to die for our sins. God gave us life, not the world and we did not bring ourselves in this world. We must under God make us as humans and in his image. I started to get everything back after God saved and born again by being obedient to God and the Holy Spirit. That is what I am saying about cheerful giving and tithes. When we graciously give more than receive, we are more likely to be blessed by God. After 2011, I decided to seek God and ask God to come into my life with my calling to serve God and to preach the gospel. Today, I no longer listen to rap/hip-hop with profanity and secular. I listen to music without profanity and secular. The First Lady Jennifer does the same by listening to more gospel music. I am a follower of Jesus that God my calling to serve God in 2011 and put my faith in Christ. I do not like to hear no more secular and rap/music because it is sinful. Also, the first lady and I listen to music without being secular and without profanity. I enjoy using the advice that I got from staff at Star of Hope Mission in Houston last year to let God work on me a lot more and stop making decisions too fast along with removing the walls from around me to be friendly with more people. It has been good for me doing this since I started to volunteer at the Bowery Mission. It is like I am starting to meet new people either clients or volunteers that are in line with me, who like to give back to communities, help the homeless and poor, and are appreciative. I am scheduled to volunteer at the Bowery Mission tomorrow mid-afternoon assisting to serve the homeless and helping out with intake. I let God work in me to help me accomplish my goals and accomplishments during my faithful and christian walk to God. I found out about Matthew 7 in the NIV long ago that evil people judge others daily thinking they know it all about others is the way they will be judged by God. When we read Matthew 7 in the NIV in 2014, I do not worry about people that judge me and you should not either. We need to let people follow their own path and let them figure out why they are in hell after they die on earth with no gift of eternal life and are stuck in hell forever.

Better things will happen to you when you continue to put your faith in Christ.

Better things will happen to you by having a righteous and humble heart to God by letting your heart continue to grow as a mustard seed to heaven.

Better things will happen in your life when you take my advice to increase and provide the right disciples in your inner circle even while you are homeless and living in poverty. You can go back and read my previous sermons on how to improve your inner circle for God during your spiritual and faithfulness to God. I still feel a breakthrough in my life coming in the next few weeks that lead to my prosperity in Brooklyn-Bed-Stuy. All I have to worry about is riding the 3, 4, A,C trains to and from Brooklyn. My breakthrough is coming from above in God's kingdom.
